What to Expect from the Financial Planning Process?

The right financial advice can protect your lifestyle and shape your future.

Before your adviser provides you with financial planning advice, you will need to agree to the type and scope of advice to be provided, which is detailed in our Letter of Engagement. For your adviser to provide you with personal advice, you need to provide them with detailed information about your current situation, needs, goals and current and future objectives. If you choose not to provide your adviser with this information, any advice they provide may not be appropriate to your needs.

Initial Advice

The first time you receive personal advice, and before you invest in a financial product, we will need to provide you with a Statement of Advice (SoA). The SoA contains our strategy and product recommended solutions, the reasons for providing that advice, as well as information about risks, benefits, features and fees payable to assist you in making an informed decision about proceeding.

If your adviser recommends a particular investment or insurance product to you, they will provide you with the relevant product brochures such as Product Disclosure Statements (PDS) and/or Investor Directed Portfolio Service (IDPS) guides. The PDS / IDPS will provide you with information to enable you to make an informed decision about your investment or whether to acquire a financial product, including information about the key benefits, risks and costs associated with the product. We encourage you to read these documents carefully and to ask your adviser any questions that you might have.

Further Advice

If you require subsequent advice and your circumstances have not changed significantly, further personal advice provided to you will be documented in a Record of Advice (RoA), provided that the basis of the further advice has not changed significantly from the initial advice or previous SoA. An SoA may be required for more significant changes. You may request, in writing, a copy of any advice document up to seven (7) years after the advice has been given.

Your instructions

If you decide to act on the advice, you will need to provide your consent to proceed with the advice. This usually means completing a document called an 'Authority to Proceed' to confirm that you understand both the advice you have received, and the benefits, risks and costs associated with the products or services recommended to you.

How We Charge

All advice fees will be discussed and agreed between you and your adviser prior to providing their services. The level of fees will depend on complexity of the advice required and will always be agreed with you prior to proceeding.

We will agree with you the amount you pay based upon:

- An Hourly Rate;
- A Flat Dollar Fee;
- The Amount You Invest; or
- A Combination of The Above.

Initial advice fees will be directly invoiced by us while review advice fees will be deducted from your portfolio. In some instances, advice fees may be deducted as a direct debit from a bank account.

Any remuneration paid to Horsey Jameson Bird for advice, or by a product provider that relates to an individual financial product recommendation will be disclosed in the advice document provided to you.

Initial Advice Fee

Our hourly rates (exclusive of GST) are as follows:

	Hourly Rate
Senior Adviser	\$450 + GST
Administration Staff	\$200 + GST

The minimum initial advice fee charged is \$7,000 + GST.

Should your circumstances change, and consequently the advice we have provided becomes obsolete, an additional SoA is required to update our recommendations. Under this scenario the same hourly rate would apply for the work undertaken.

Please note any fee for the initial meeting and the preparation of the Letter of Engagement (LOE), will be incorporated into the Initial Advice Fee as outlined above. If you elect not to proceed to the preparation of a Statement of Advice, a separate fee for the initial meeting and preparation of the Letter of Engagement (LOE) will be charged based on the hourly rates outlined in the table above.

Fixed Term Fee

Once your strategy is in place it is critical to monitor and review your strategy regularly. For the review of your portfolio and your broader financial planning strategy, your fixed term advice fee is based on the complexity of the advice and services provided. We will confirm our fixed term advice fee in your SoA.

Our fixed term fee can be charged be in the form of a percentage of funds under management or a fixed dollar fee pending the complexity of the advice provided. The minimum fixed term advice fee is \$2,750 p.a. + GST per individual. We reserve the right to adjust our fees when there are exceptional circumstances.

If we recommend you borrow funds to invest, your fixed term advice fee will be a fixed dollar amount, indexed to inflation, and reviewed annually. The minimum fixed term fee is \$2,750 p.a. + GST.

Our Fixed Term Agreements will not be greater than 12 months and you can disengage from our fixed term agreement at any time during the period.

We may also receive ongoing commission (as outlined below) for any life insurance products you have in addition to this fee.

Late payment fees: Interest of 2.5% per calendar month may apply if your account is not paid within our trade terms relating to invoices issued by us.

Other Remuneration

Life Insurance Products

Horse Jameson Bird may receive an upfront commission and an ongoing commission based on your insurance premium for the duration of time you hold an insurance policy. These commission payments are made by the relevant product issuers and are not an additional cost to you and are based on up to 66% of the premium amount in the first year and up to 22% of the premium amount in subsequent years. For insurance policies entered prior to 1 January 2020, we may receive commissions higher than disclosed here. Horse Jameson Bird may also charge initial and ongoing adviser services fees. Insurers can deduct premiums directly from you or from your superannuation account balance.

What Other Payments and Benefits may Horse Jameson Bird and Your Adviser Receive?

Sometimes in the process of providing advice and other financial services, Horse Jameson Bird or your adviser may receive benefits from product providers such as sponsorship of events, subsidised educational conferences, rebates, bonuses, preferred product rates or other fees.

Non-Monetary Benefits

Horse Jameson Bird keep a register detailing certain non-monetary benefits received e.g. benefits valued between \$100 and \$300, and those that relate to genuine education or training and technology software and support. Horse Jameson Bird does not accept benefits that exceed \$300.
