LANAV's musical journey has led her to renowned venues and festivals such as Sonar, MUTEK, Primavera Sound, Razzmatazz and Nitsa. Her work has been featured on airwaves including NTS, The Lot Radio, Kiosk, Rinse, and Noods. Remarkably, she co-founded the Spanish non-profit collective and label Abundance and the ever-growing Canino FM. Her passion for sound design also encompasses cinematic and advertising projects, immersive multi-channel soundscapes for exhibitions and the co-production of music albums.

Her DJ set blends atmospheres through a fusion of experimental sounds, electrifying breaks, and resonant, energy-filled basslines. She takes listeners on a rollercoaster of emotions, deconstructing familiar terrains in order to craft entirely new landscapes.
