Packing

The weather in Canada during the Summer is typically warm-hot during the days (25C-30C) and mild during the night (15C) with occasional rain. You'll want to wear light and breathable clothing that can get wet and dirty. We recommend you bring some light and loose, long-sleeved shirts and long pants to help protect against sun on the boat and mosquitos in the evening. The following list covers everything to ensure your journey is as pleasurable as possible!

- Copies of travel insurance
- Sun hat
- Headlamp - phone okay (for navigating to the bathroom at night)
- Reusable water bottle
- Small backpack (for hikes, space for water, sweater, rain jacket)
- Stable shoes or hiking boots (our longest hike is 3.5 miles terrain can be quite rocky)
- Sandals or flip flops

- 2-3 pairs swimming gear
 - 1 pair loose fitting breathable pants
 - 1-2 loose fitting, breathable long-sleeved shirts
 - Casual/active hot weather attire (enough for 7 days, "essentials" laundry service available on request)
 - 1 warm sweatshirt
 - 1 rain jacket
 - Insect repellent (if special preference- we supply a natural option, and prefer to avoid DEET type repellent as we drink the lake water)
 - Sunscreen (30+ SPF recommended) - the sun is surprisingly on the water!
 - Small first aid kit for scrapes, cuts and bug bites
 - Toiletries
 - Necessary medications
 - Passport + 2 photocopies of passport
 - Bank card/credit card
 - Notify financial institution of travel plans
