

Are you an artist aged 18-25 from East Sussex? We are looking for an artist to design and create a banner artwork to be installed on the exterior of Flatland until summer 2026.

This banner will be displayed year round for our local community and visitors to Bexhill, we are excited to hand over this space to an emerging artist from East Sussex.

You could be a designer, painter, photographer, performance artist or even a poet, we are interested in the matters and messages that are important to you!

You do not need any experience in banner making, we are interested in how your artwork translates into print through this banner commission.

Flatland Projects team will support you to realise your ideas as a print ready design. This design will then be fabricated into a fabric banner measuring **2 x 3 meters** and installed on the gallery exterior by our Flatland Technician team.
