## **WHAT IS UGLY LIKE THE WAR?**

**WE ARE BERLIN-BASED ARTISTS WHO WANT TO COME TOGETHER WITH OUR COMMUNITIES OF ART-LOVING PEOPLE FOR A GOOD CAUSE.**

**TO ENABLE MEMBERS OF OUR NETWORKS TO MEET AND CONTRIBUTE TOGETHER, WE HAVE CREATED THE NON-PROFIT PLATFORM 'UGLY LIKE THE WAR'.**

**OUR CONCEPT IS SIMPLE: ARTISTS DONATE ARTWORKS THAT CAN BE PURCHASED BY ART ENTHUSIASTS WITH A DONATION EQUAL TO THEIR VALUE.**

**THE DONATIONS GO DIRECTLY TO ONE OF OUR TWO PARTNER NGOS (CADUS E.V. BERLIN AND DOCTORS WITHOUT BORDERS) WORKING IN CONFLICT ZONES AROUND THE WORLD. PLEASE READ ON FOR INFORMATION ABOUT OUR PARTNER ORGANISATIONS.**

## DOCTORS WITHOUT BORDERS (MSF)

THE REPUTATION OF DOCTORS WITHOUT BORDERS PRECEDES IT. THEY ARE ACTIVE WORLDWIDE AND WHEREVER IT IS MOST URGENTLY NEEDED. PLEASE INFORM YOURSELF ABOUT THEIR HUMANITARIAN WORK ON THE FOLLOWING WEBSITE:[HTTPS://WWW.AERZTE-OHNE-GRENZEN.DE/UNSERE-ORGANISATION](https://www.aerzte-ohne-grenzen.de/unsere-organisation)

The screenshot displays the website's navigation menu with options like 'Über uns', 'Unsere Arbeit', 'Mitarbeiten', 'Spenden', and 'Aktiv werden'. A prominent red button says 'Jetzt spenden'. The main content area features a donut chart showing 259.8 million euros in total revenue, broken down into three categories: 83.8% for projects, 14.5% for fundraising and administration, and 1.7% for general management. A text box explains that the organization follows transparency and accountability principles. Below this, the DZI donation seal is shown, certifying the organization's responsible handling of donations.

OVERVIEW**

### **Doris Hansen**

I am Doris Hansen, currently bades in Berlin-Neukölln.

In my work, which i call microworlds, I develop artificial paradises deriving from small natural phenomena. The microworlds consist of objects and drawings.

My Materials are as far as from nature as possible and industrially made, such as modelling clay, styrofoam, synthetic textiles, LED and feltpen. The artificiality of this perfect and glamorous world of plastic splendor is intensified by the integration of forms, which immerse the viewer into the extraterrestrial fantasies of early science-fiction films and comics.
