Koningsplein 2, 6811BV, Arnhem

Chun-Fang (淳芳) was born in Taiwan and currently studies graphic design at ArtEZ, Arnhem. With a focus on book design and photography, she finds inspiration from observation of nature and human bodies.

She explores in various forms of media such as publications, videos and installations. The industrial design background and working experience in exhibition curation studio brings her views and skills of design. The curiosity of surroundings motivates her to capture tiny details and interpret them into concepts behind her works.
