

Flight Camp 2025

A Collaborative Success

Techlabs - Camp Host

- Techlabs hosted a unique flight camp for kids, nestled in the picturesque Swiss mountains and co-hosted by the world-famous Pestalozzi Kinderdorf.
- Our flight school offered a unique, hands-on experience where children, guided by experts, designed, built, and learned to fly their own remote control (RC) airplanes against the stunning backdrop of the Swiss mountains.
- We received outstanding feedback from both participants and parents. Children not only learned and explored but also forged lasting friendships and a passion for flight, making the camp a resounding success for both the kids and TechLabs.

Impact Retrospective

Hosted by Techlabs

TechLabs provided all room, boarding, equipment, training, and guidance for 21 full days, teaching and facilitating campers at a cost of ~250 CHF per camper per day.

Participant Support

30% of campers received 90-100% subsidies, thanks to donors who covered 28% of the costs. The remainder was funded by Techlabs' Corporate Donations.

Impact Through Giving: per anum [impact]

- FUTURIST FOUNDER (Title Sponsor): 50,000 CHF+ [200 Camper Days]
- INNOVATION INITIATOR: 25,000 CHF+ [100 Camper Days]
- DIGITAL DREAMER: 5,000 CHF+ [20 Camper Days].

Your generous contributions make this camp possible.

Why Choose TechLabs Giving?

TechLabs offers After-School, Holiday, Summer Camp Programs and Corporate Events in Science, Technology, Engineering, Arts and Math. Our goal is to deliver a fun, engaging, and educational experience that

jump-starts young people's and adults' understanding of technology. TechLabs Giving aims to bridge this access to a swath of children who showcase the talents and interests, but require help with the costs..
