

## JACKSON HIGHBOY

Inspired by the curves of the Art Deco movement, the Jackson Highboy is a practical blend of solid and plywood construction and celebrates the arch form in monumental proportions. Designed in three distinct pieces (drawer storage, cubbies and shelving) it is completely customizable. Perfect for installing in challenging spaces, it breaks down and bolts together on site. A true investment piece that makes a room (and makes room).

Custom dimensions and wood species available upon request. All furniture is made to order. Estimated lead time is 10-12 weeks.
