One time I went on a date with a guy to the beach and we were being flirty and cute in the water and he tried to lift me up to throw me but when he lifted me he stuck his fingers in my butthole and I slipped and pulled him under the water and my butthole broke two of his fingers.

COFFEE IS CIGARETTES

I think the title of this movie should have been "coffee is cigarettes" it's more true and more insightful and I don't care if it spoils the twist ending!!!
