

A high-angle, top-down photograph of a man with dark hair and a mustache, wearing a brown short-sleeved button-down shirt and blue jeans, sitting on a light-colored armchair. He is looking down at a smartphone in his hands. The room has light blue walls, a yellow tiled floor, and a large patterned rug. Sunlight streams in from a large window on the right, casting long shadows across the rug. To the left of the man is a wooden desk with a computer monitor, a cup, and other items. A white cabinet is on the far left. A green armchair is partially visible in the bottom right corner. The text "IA treatment" is overlaid in large white letters across the center of the image.
