At Charlotte Woodes

Hey, I'm *Adonis*. I'm a British-Cypriot multidisciplinary artist moonlighting as a general creative for commercial projects. I like to keep things interesting by dabbling in a little bit of everything.

This is my hometown.

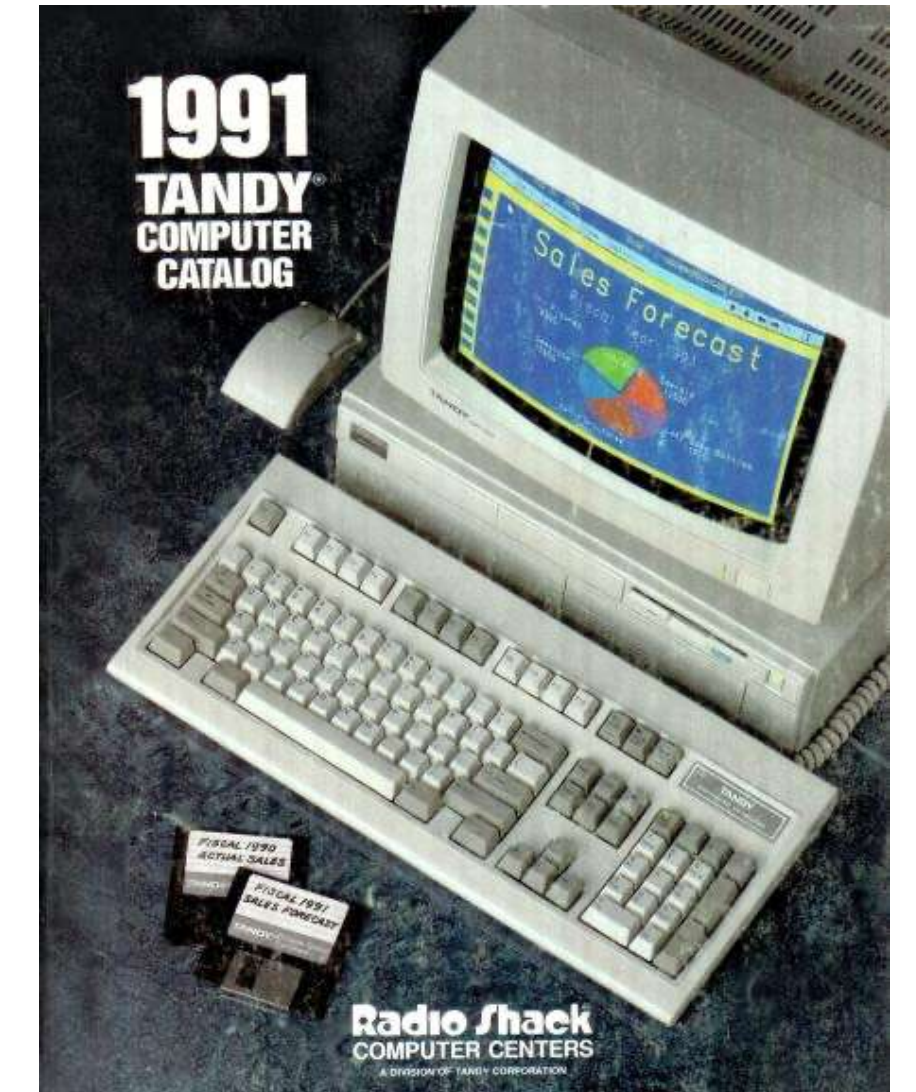

I studied *Illustration & Visual Media* here, at the *London College of Communication*.

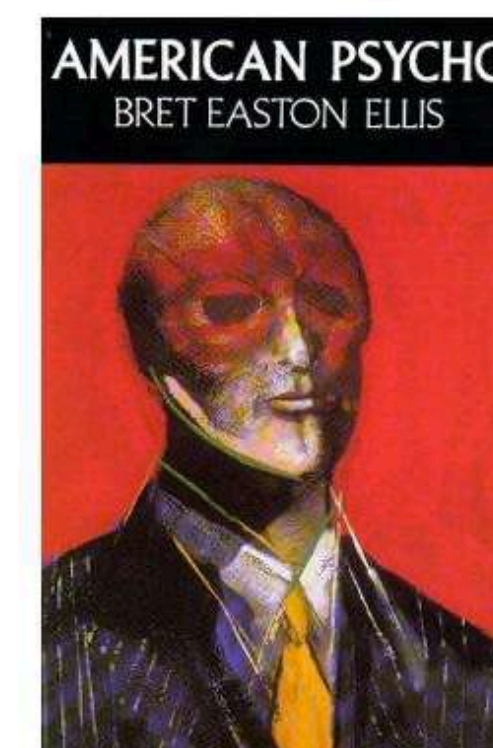

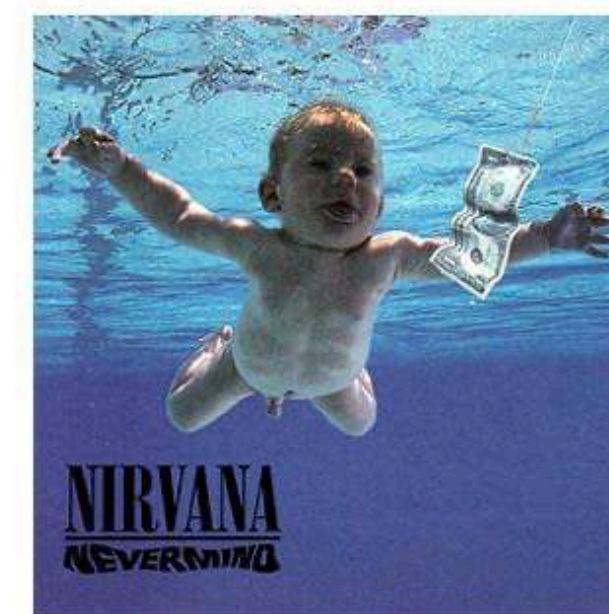

The year I was born, this was the *highest grossing film*,

computers looked like this,

this was *Famitsu's Game of the Year*,

these two were *published*,

and this *collapsed*.

The Island Club - brand identity, posters, web design, publications

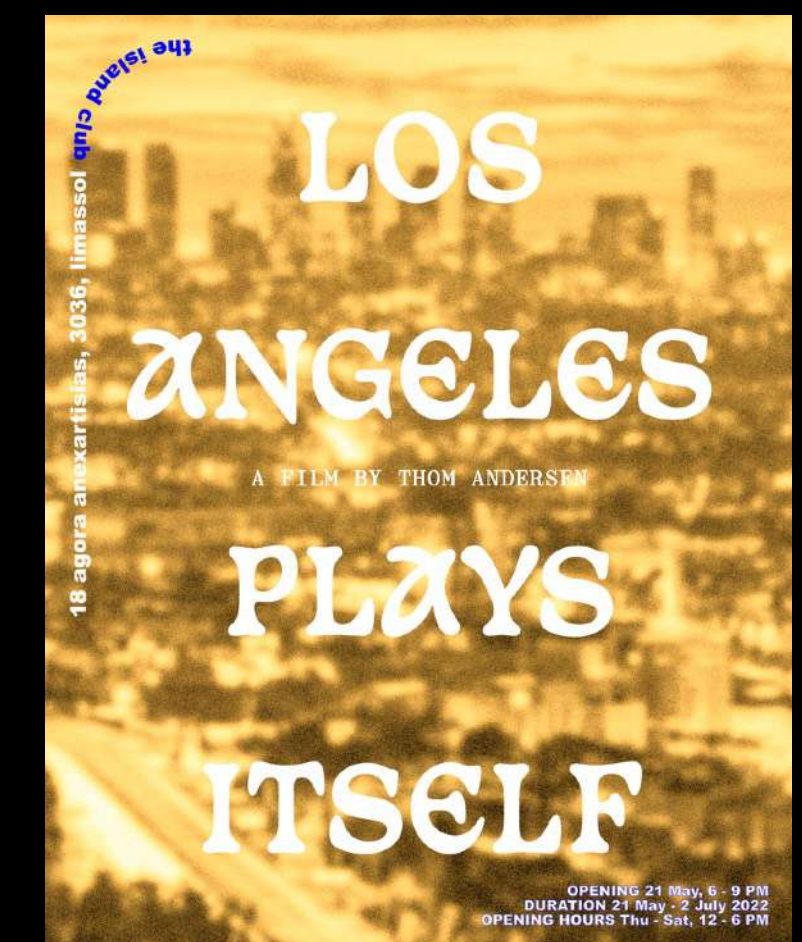

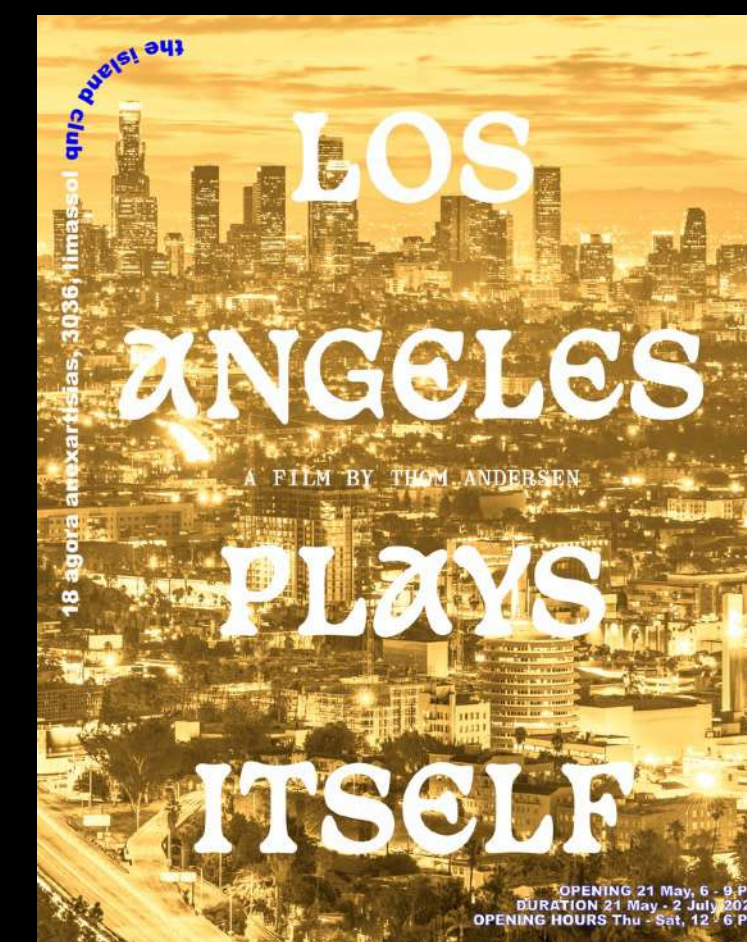

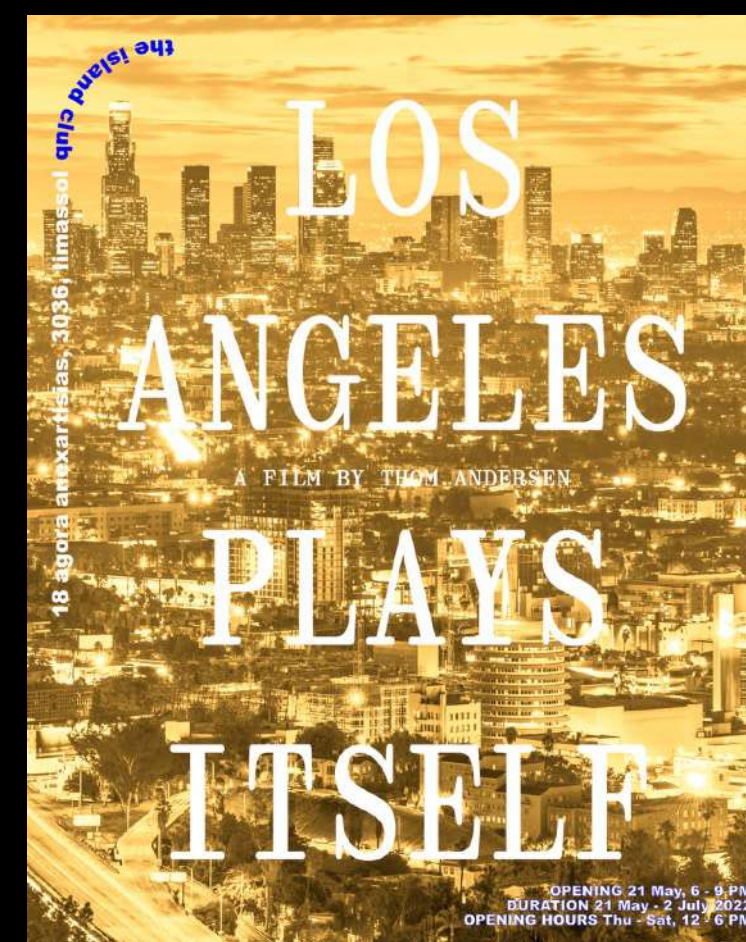

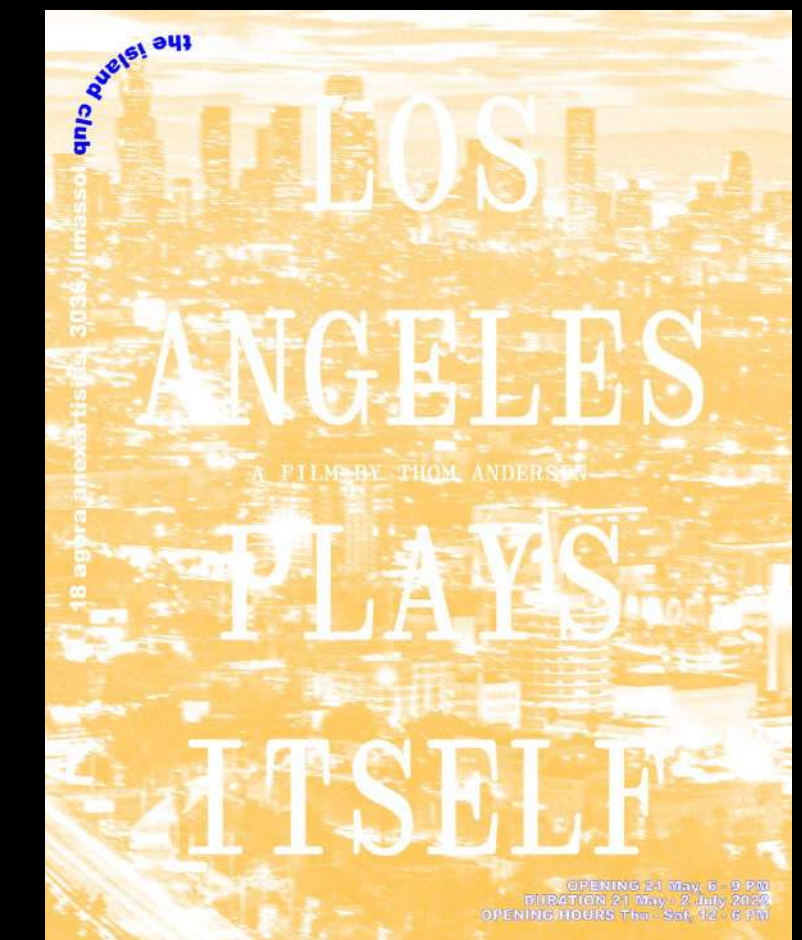

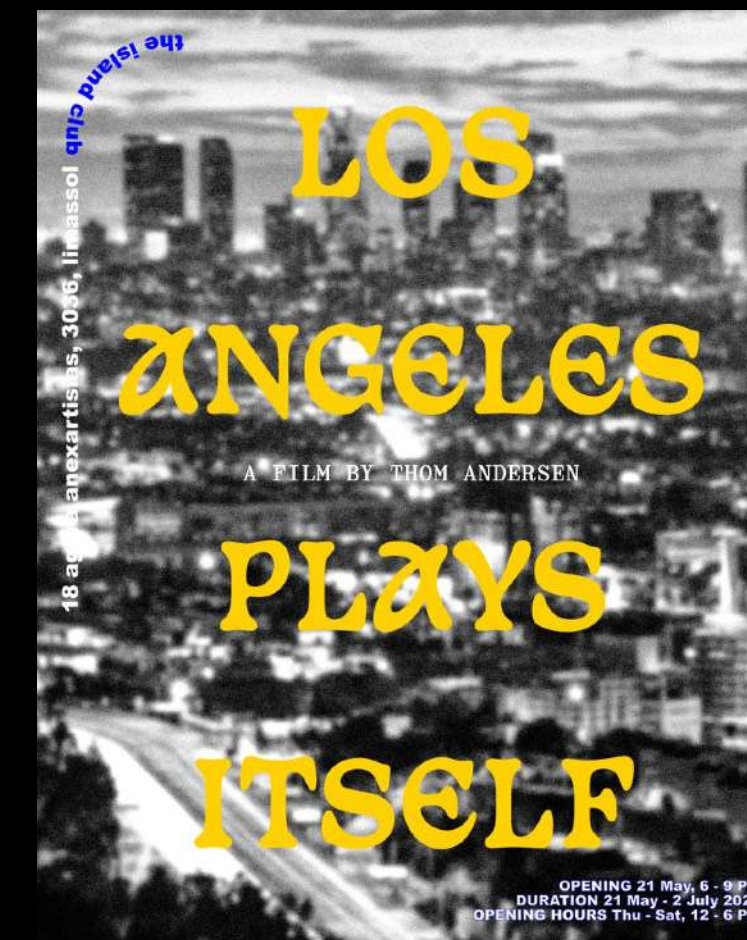

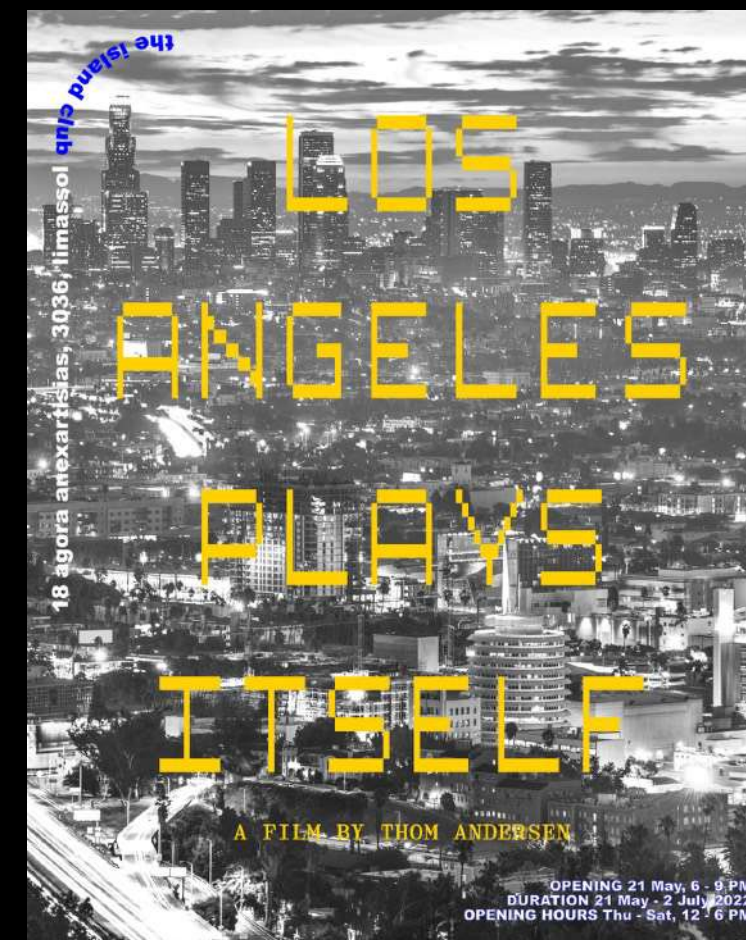

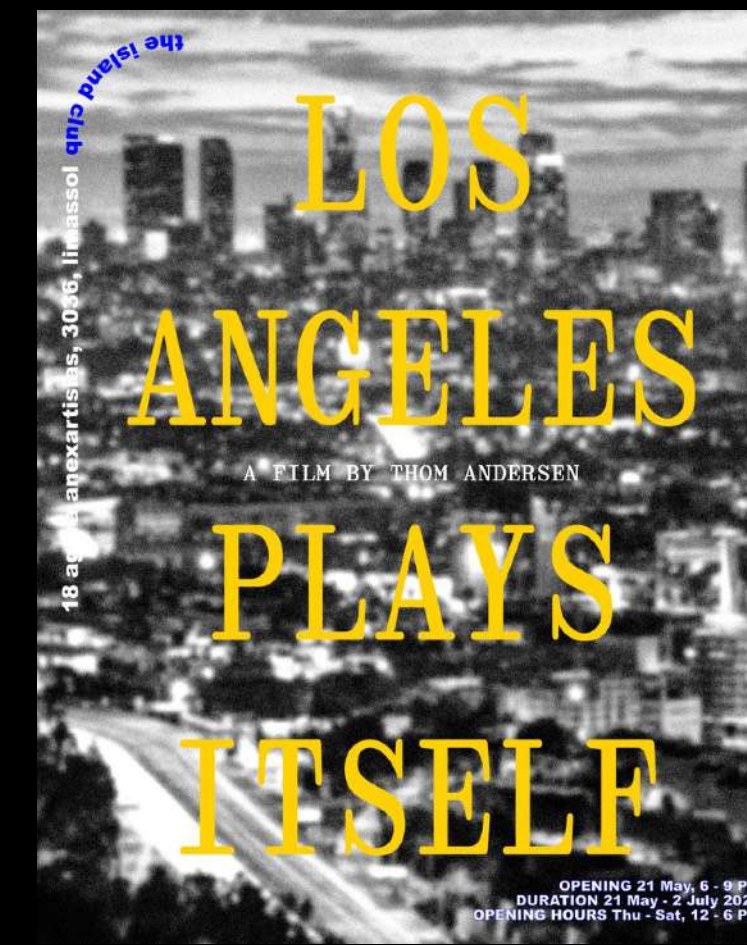

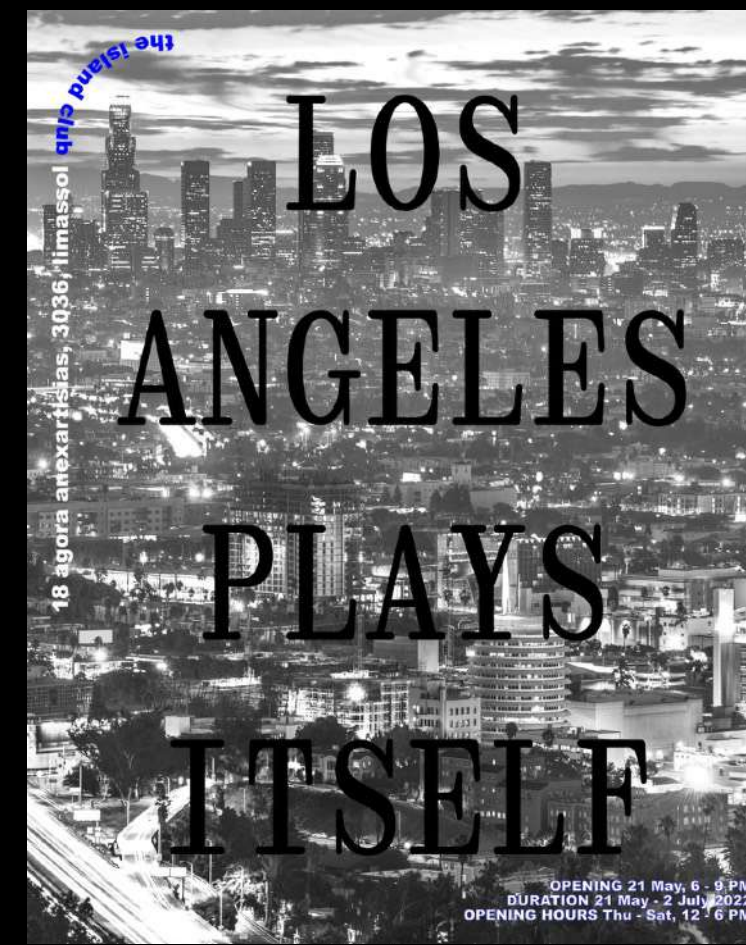

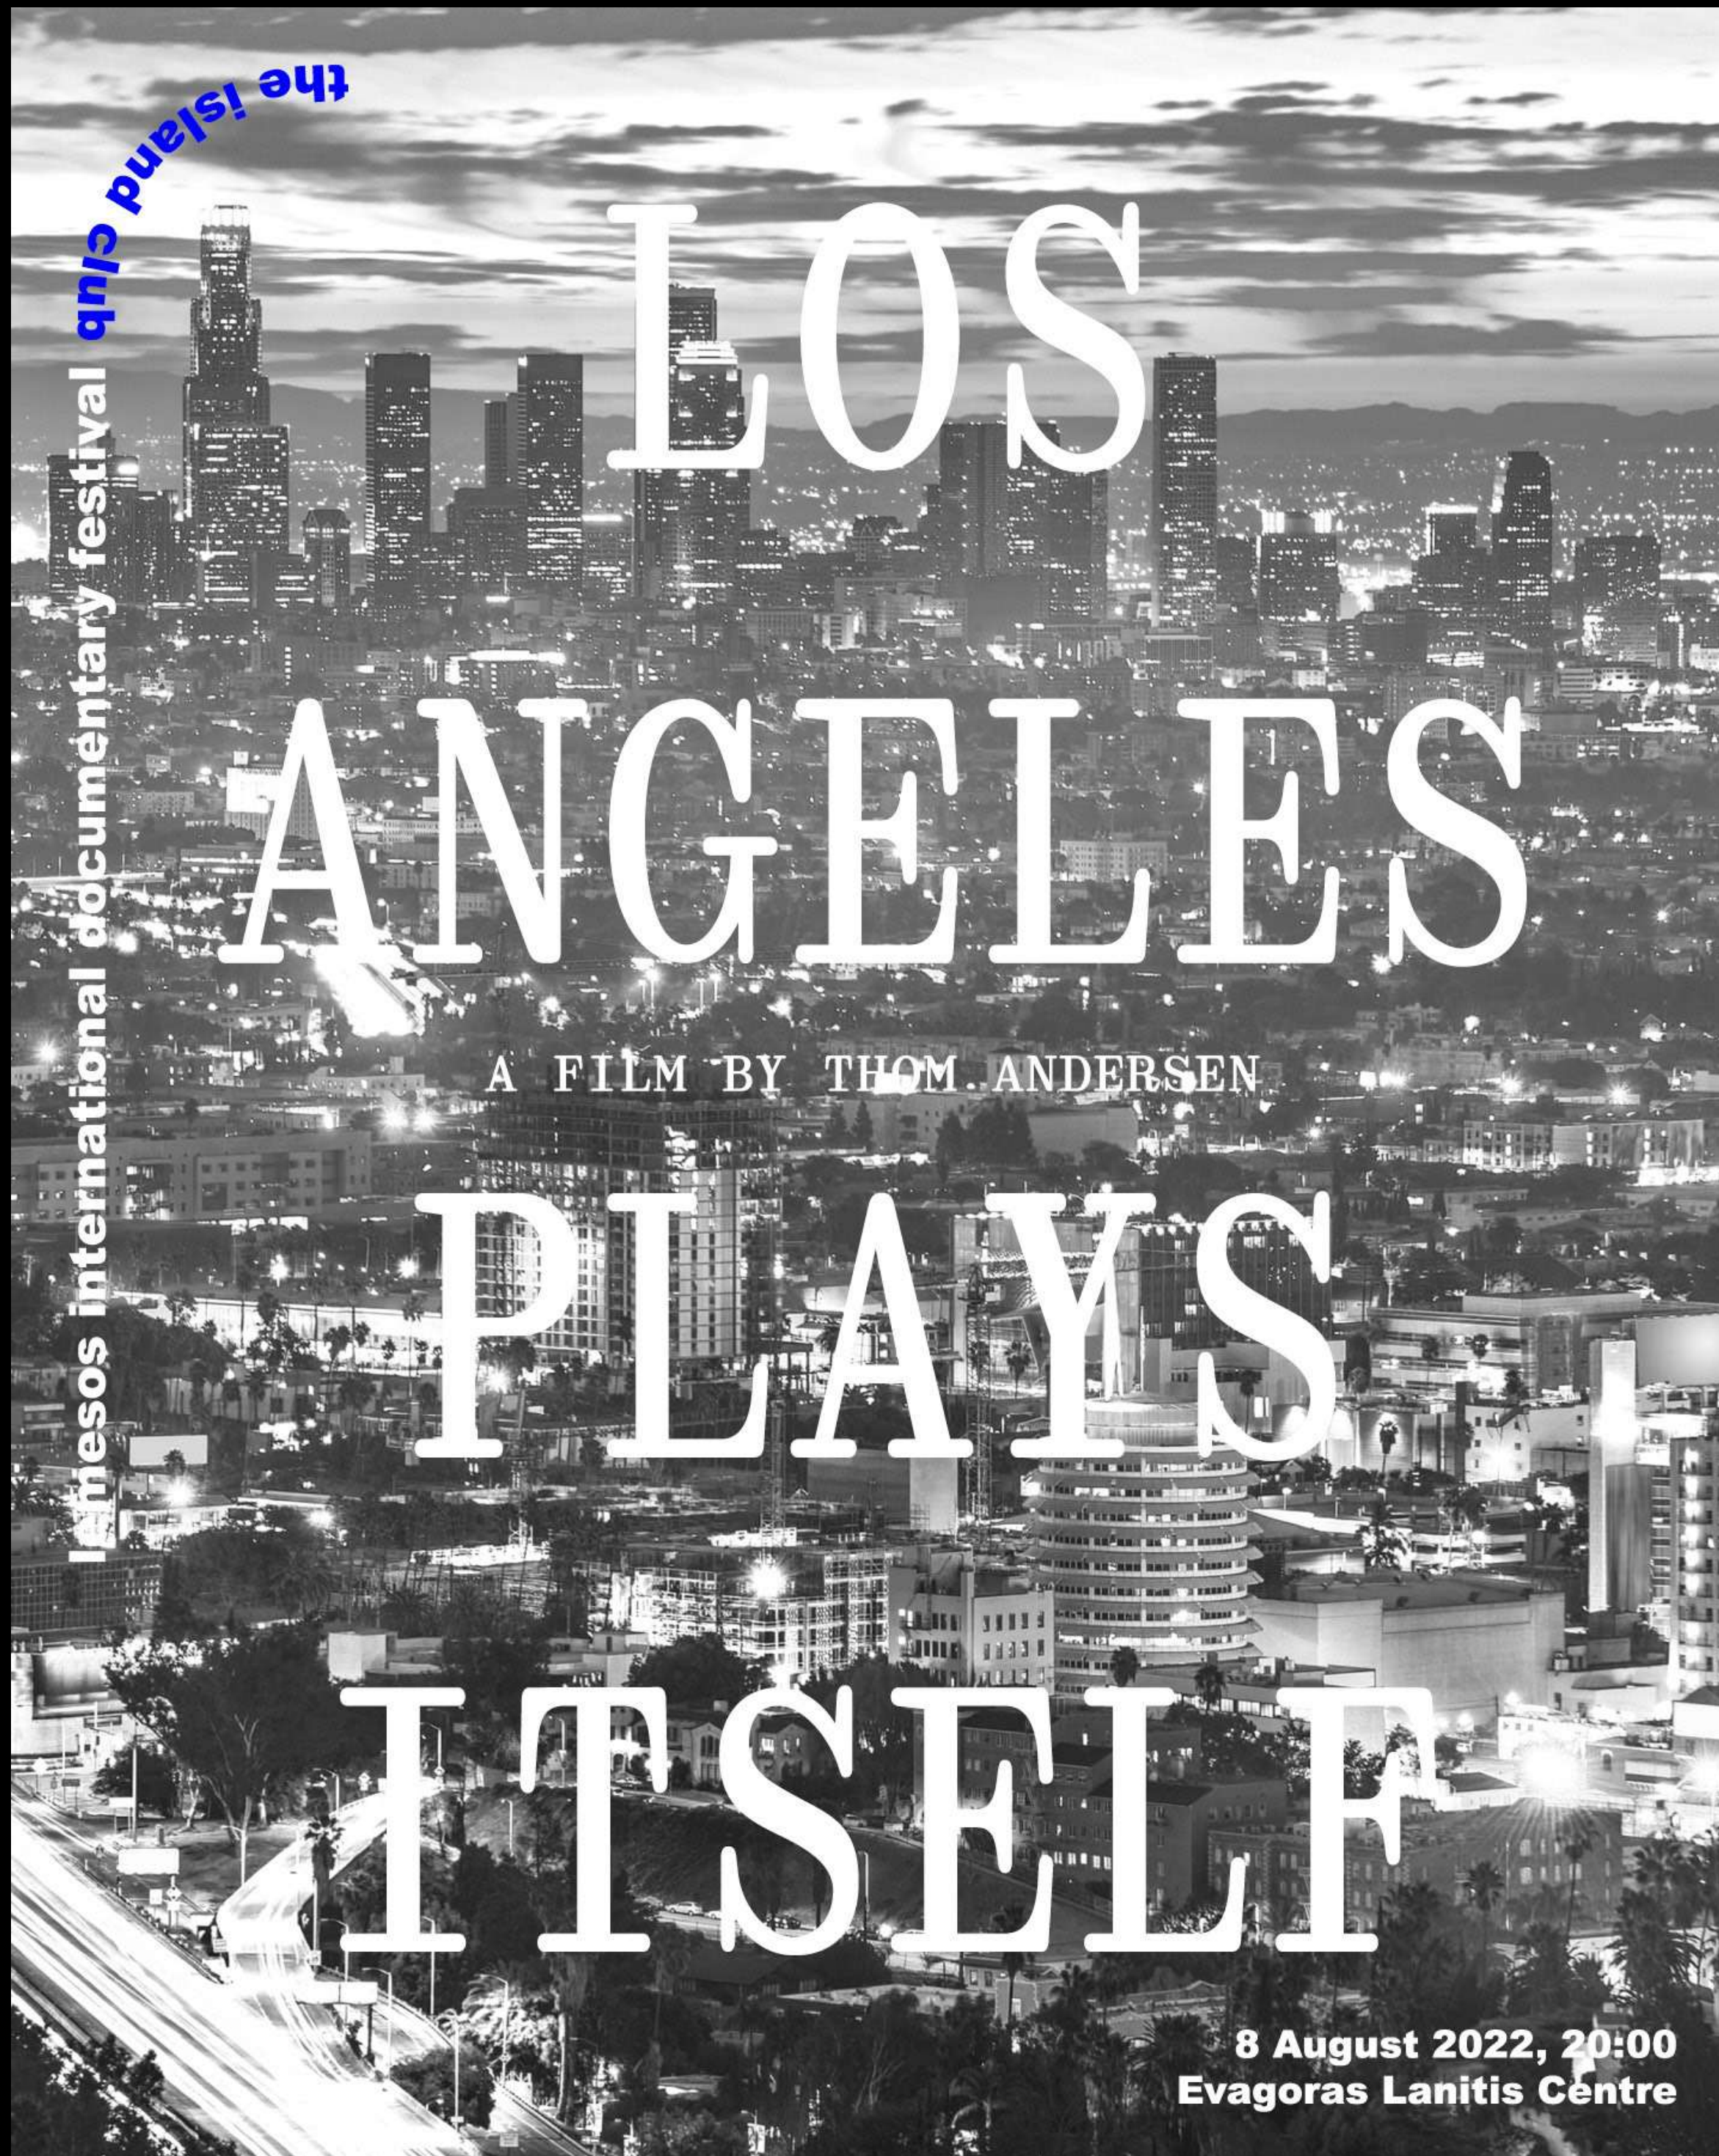

*The Island Club* is a non-profit exhibition space initiated and programmed by artist Christodoulos Panayiotou.

I created their logo and brand identity, designed both versions of their website, produced posters for their exhibitions and designed their publications under *The Island Club Press*.

Limassol Art Walks - brand identity, posters, web design, social media posts

Limassol Art Walks is a weekend of art-related events based in and around the old city of Limassol. It seeks to highlight the cultural fermentation that is taking place in Limassol by bringing together a series of contemporary art spaces, local cultural institutions and public art work initiatives.

I worked closely with the founders to develop their brand identity through a website and a series of map-focused posters, while also producing their social media content.

# Limassol Art Walks

The title 'Limassol Art Walks' is rendered in a bold, black, sans-serif font. The word 'Limassol' is on the top line, 'Art' is on the middle line, and 'Walks' is on the bottom line. A thick, light blue line loops around the text, starting from the top right, curving under 'Limassol', looping around 'Art', and ending at the bottom right. Five red asterisks are scattered around the text: one at the top right, one to the left of 'Art', one to the right of 'Art', one at the bottom center, and one at the bottom right.

Super Effective - brand identity, web design, social media posts

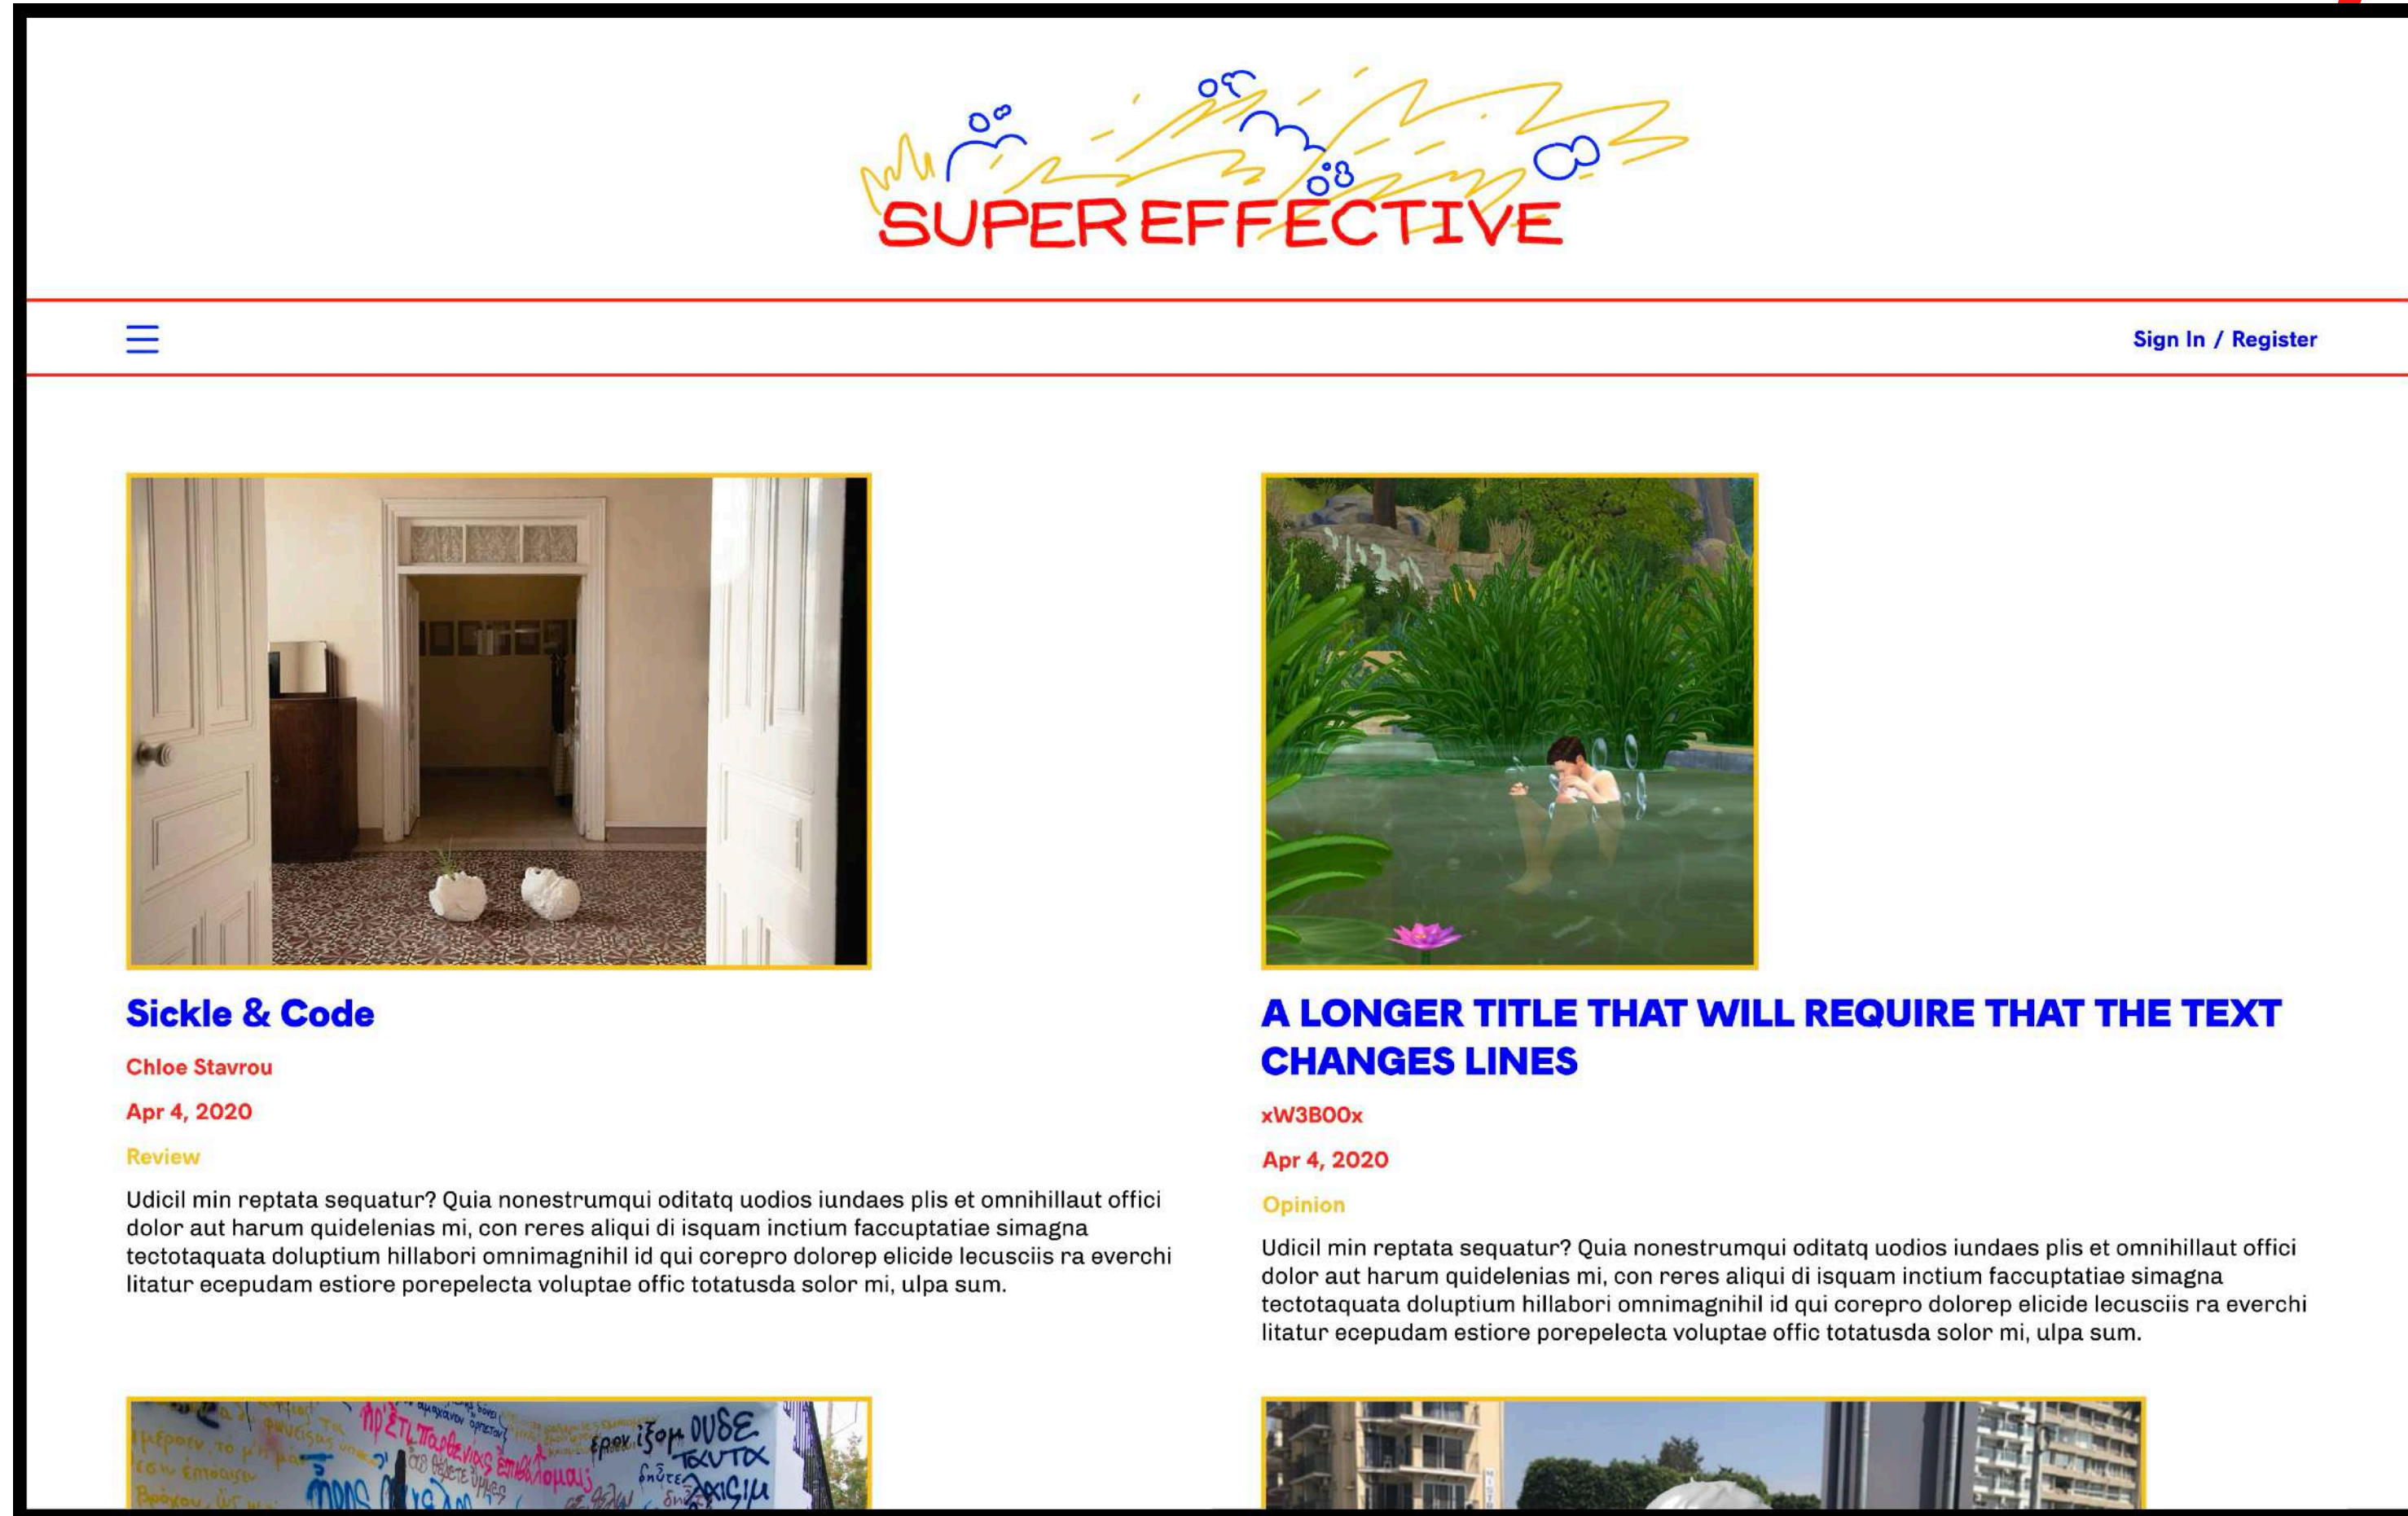

*Super Effective* was an art writing platform that ran between 2020 and 2021.

I created the brand identity (focusing on video game language and bold primary colours), custom handwritten typeface and designed their website. After its launch, I worked on their social media posts (introducing new writers and articles), and produced some illustrations for the team portraits as well as one of their articles.

ABCDEFGHIJKLMNOPQRSTUVWXYZ  
abcdefghijklmnopqrstuvwxyz

The screenshot shows the top of the Super Effective website. At the top center is the logo, which consists of a colorful, hand-drawn cloud-like shape above the text "SUPER EFFECTIVE" in a red, sans-serif font. Below the logo is a navigation bar with a hamburger menu icon on the left and "Sign In / Register" on the right. The main content area features a grid of two article cards. The left card has a photo of a doorway and the title "Sickle & Code" by Chloe Stavrou, dated Apr 4, 2020, with a "Review" tag. The right card has a photo of a person in a pond and the title "A LONGER TITLE THAT WILL REQUIRE THAT THE TEXT CHANGES LINES" by xW3B00x, dated Apr 4, 2020, with an "Opinion" tag. Both cards contain placeholder text.

The screenshot shows the footer of the Super Effective website. It features a navigation menu with links for "Privacy Notice", "Terms of Use", "Participation Policy", and "Contact Us". A central graphic contains the text "SUPPORT US?" in a red, hand-drawn font, surrounded by colorful doodles. To the right of this graphic is a paragraph of text explaining that Super Effective is independent and pays its contributors, and that reader support is appreciated. Below this are social media icons for Instagram, Twitter, and a messaging app. At the bottom, it says "With the support of" followed by the logo of the Cyprus Film Commission (OPFANESHARE MEDIAAIAE KYTIPTY). The footer also includes the copyright notice "© Super Effective, 2020."
