Experience

ID Intern, Smart Design

July - October 2025 | Brooklyn, NY

- Create guidelines for consumer research and led co-design workshops to gather and analyze consumer insights.
- Participated in Brainstorm sessions to contribute ideas.
- Conducted market research and generated design concepts through sketches and physical models.

ID Intern, LeapX Design

May - July 2024 | Shenzhen, China

- Collaborated in the ID pipeline to conceptualize and prototype a new electric kettle, designed for improved form and function.
- Explored form and materials for an office chair design, including factory visits and producing detailed renderings to guide production.
- Facilitate interior design in their new studio space.

ID Intern, WeRide

May - July 2023 | Guangzhou, China

- Explore Robobus Exterior Sensor Kits and Robotaxi roof antenna design.
- Designing interior components for robotaxi and CMF choice for robobus.
- Produced high-quality product renderings to enhance company's visual representation of its autonomous driving solutions.
