

The One Hour Residency

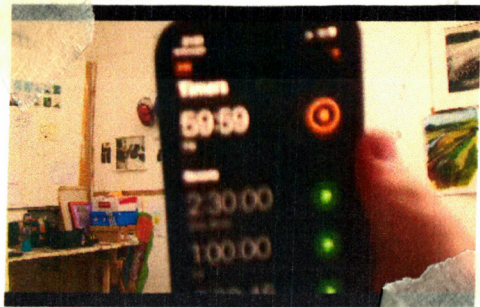

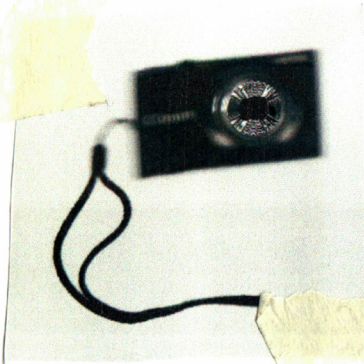

Let us ~~re~~-introduce ourselves ...

"Re-introduce"?
LOL! We never
introduced ourselves
in the 1st place
LOL!

The One Hour Residency is a framework challenging the traditional artists residency.

Using available time and space, paired with lo-fi, recognisable equipment, the residency champions an accessible, unfiltered artistic dialogue.

*In an ideal world
everyone would have
all the equipment, time,
money and space that
they needed.*

Founded on the sincere admiration
of walls, floors and ceilings.

When we
get A space,
we go
Crazy!
