PROFESSIONAL SUMMARY

Tuan is a design engineer who is always looking for challenges and opportunities to create impact. She has working experience in visual design, art, sound, publishing, and education.

EXPERIENCE

Design Engineer

Coding Train LLC., New York – Mar, 2023 - Present

- Designed systems for *Coding Train's* new edition of *Nature of code* with open source Javascript libraries, building an automated workflow for accessible publication and creating a ready-to-print PDF.
- Designed UI/UX for the website and the interior and cover design for the physical version of the Nature of Code.

Design Researcher

NYU Tisch ITP, New York – Aug, 2023- Jul, 2024

- Spearheaded the operation of the Design Lab at ITP, mentored and managed student staff/designers, and held workshops on graphic design, web design, and generative systems.
- Conducted research projects on interactive browser interfaces and tools for sound, typography, and education.

Graphic and Web Designer

NYU Stern Berkley Center, New York – 2022-2023

- Implemented brand identities across multiple platforms with compelling visual languages - website, social media, and in person events.
- Designed and refined the UI of the existing website to meet accessibility standards and integrating with additional WordPress plugins.

Visual Designer

Digital Medicine Lab, Taipei, Taiwan – 2020-2021

- Assisted in multiple exhibitions in collaboration with *Sunsun Museum*, designing visual identity and assisted in show production.
- Client projects include brand design, packaging design, and book design, including the Taiwanese Edition of *Discursive Design* and *Speculative Everything*.

EDUCATION

Master of Professional Studies – Interactive Telecommunications Program (ITP), 2023

New York University, New York, U.S.

Bachelor of Art – Commercial Design, 2021

National Taiwan University of Science and Technology, Taipei, Taiwan
