FOR

TOD'S 2025

PERFORMANCE INSTALLATION PROPOSAL FOR TOD'S FASHION SHOW APPROACH OPTIONS:

1. Solo Performance

- Single model wearing a large-scale sculptural dress
- Creates a dramatic focal point within the space

2. Group Performance

- Main model wearing large-scale sculptural dress
- Additional models positioned throughout the space
- Models connected to the main dress through oversized leather needles
- Needles attached to leather threading, creating a dynamic spatial installation

Would you like me to adjust anything about the proposal?

DRESS CONCEPTS

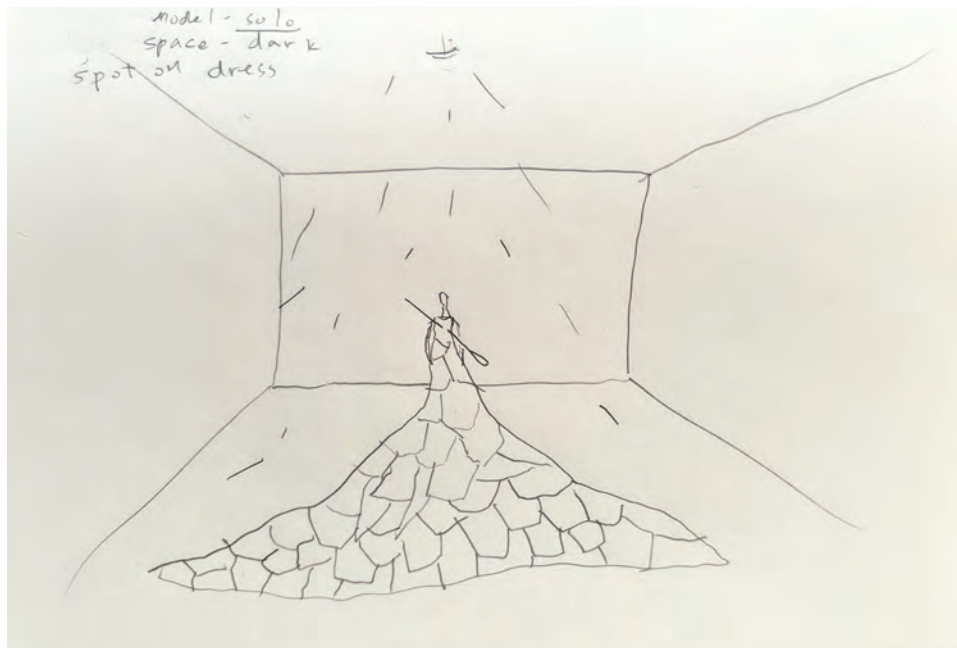

1. Patchwork Construction

- Composed of leather remnants from the collection
- Focus on natural, skin-tone palette
- Various shades creating organic composition
- Patches connected using traditional saddle stitch technique
- Celebrates sustainability and craftsmanship

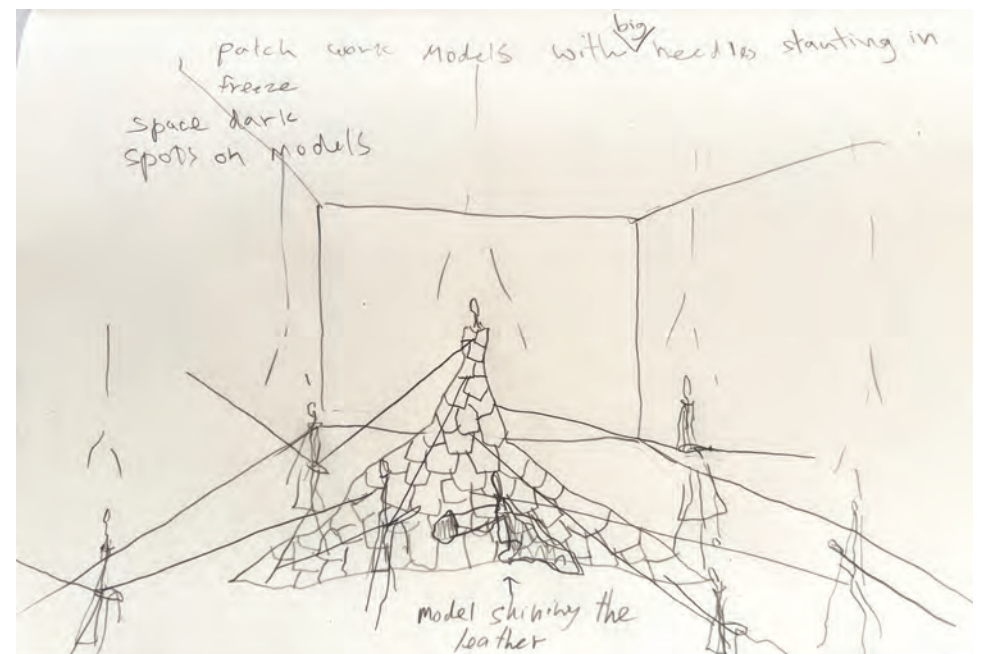

2. Saddle Stitch Landscape

- Single color leather as base material
 - Intricate saddle stitch pattern covering entire surface
 - Pattern reminiscent of aerial view of landscapes
 - Stitching creates textural topography
- Emphasizes Tod's legacy of leather craftsmanship
