Woods-Gerry Gallery, 2024

PROFESSIONAL EXPERIENCE

Experience Music – Designer, 2024-Current

Designed and fabricated hifi audio gear and loudspeaker systems for EM/IA, a collaboration between Experience Music and Intact Audio. Projects included soldering and assembling existing EM/IA products, fabrication of turntables and loudspeakers (woodworking, finishing, and mechanical assembly), and designing and prototyping new products, loudspeakers, and custom gear. Other tasks included sourcing materials, transporting materials and projects via car/U-Haul, system installation, and updating online materials.

Experience Music – Studio Assistant, 2022-2023

Assisted in fabrication of hifi audio gear and loudspeaker systems for EM/IA. Tasks mostly consisted of finishing batches of hardwood panels for loudspeakers and turntables, and assembly of these products.

LIKEMINDEDOBJECTS – Studio Assistant, 2021-2022

Worked on multiple sustainability-focused projects with founder Elise McMahon. Projects included cutting and weaving salvaged t-shirts to be used for upholstery and clothing, machine sewing upcycled clothing, and assembling various products for retail sale.

Pinpoint NOLA – Studio Assistant, 2021

Produced upholstery components for multiple custom and reupholstered pieces of furniture, including couch cushions and a penthouse bed frame. Deconstructed chairs to be reupholstered, and designed personal projects to learn and practice upholstery techniques.

ESPN/ABC (ESPY Awards) – Art Assistant, 2021

Fabricated multiple props and helped construct the set for the 2021 ESPY Awards commercial shoot.

ADDITIONAL EXPERIENCE

RISD Woodshop/Metalshop – Monitor, 2023-2024

Oversaw and assisted students with machinery and other questions in both the woodshop and metalshop of the RISD Furniture Department.
