Relevant Experience

Graphic Designer

CSULB Rocketry Club | September 2025 - Present

- Designed apparel graphics, sponsorship packages, and outreach materials to support competition and funding efforts.
- Provided feedback and marketing materials for the team's participation in the NASA student lanch program, a national collegiate reocketry competition.
- Produced social media graphics and event posters to engage audiences and promote club initiatives.
- Collaborated with business and engineering team members to align visual identity with outreach and project goals.

Director for Short Film

"Plenty of Fish" | August 2025 - Est. completion December 2025

Currently working with a small team of animators to create a short film. This project is aimed at learning the process of working with and guiding a team through the development process of creating a film.

- Pitched and developed an original short film, guiding a small animation team through design, storyboarding, and visual style decisions.
- Managed workflows, deadlines, and feedback processes to ensure creative and brand cohesion.
- Built leadership experience in project management, creative direction, and cross-disciplinary collaboration.

Sales Associate

Vans | May 2023 - Present

Although my title has remained Sales Associate, working within a small team has provided a versatile learning experience. In addition to delivering daily customer service, I took on responsibilities in visual merchandising and brand presentation, strengthening my understanding of how design and branding influence customer experience.

- Gained hands-on experience in visual merchandising and store presentation, developing an eye for design and brand identity.
- Built knowledge of apparel branding, marketing visuals, and consumer behavior.
- Adapted to a small-team environment by balancing sales responsibilities with brand-focused initiatives.
