Johnny got up and said:
"Sex is a **temptation** ,

Did you get my **explanation** ?

Excuse me but you appear to be White, please remove the word "nigger" from your @ or else I will report you. I'm not sure if you think that using slurs is funny but it isn't. You can not as a White women have the handle "Da Nigger Man". It's very inappropriate and insulting.

Located at a bar in Shinjuku, Japan. There is a bathroom with a GAIANT head located in front of the toilet. Activated by the pressure from the seat, the face sings a strange drunken tune and slowly moves towards you... Making the room smaller and smaller, until its lips 'kiss' your knees

Are we actually seeing more smokers?

Kat Frey, a 25-year-old copywriter who lives in Brooklyn, picked up the habit last year. "We're having a very sexy and ethereal 1980s revival, and smoking is part of that," she said. "A lot of people I know are posting pictures doing it. I'm doing it. It's having its moment for sure."

sambarskyknitter 4.) My Twin Towers sweater. Made this in May 2001, before the September 11 attacks, last imagining what would happen. So eerie. Really no words. Obviously it is impossible to pose in front of the twin towers, so I used an app to superimpose myself wearing this sweater in front of the towers. Since I do not like to make sweaters about sadness, I have no plans to ever knit a sweater of anything covid-related, something I've gotten lots of requests for. And I do not plan to profit off of merch based on this. I do not wish to capitalize off tragedy or make it part of my legacy. #sambarsky #sambarskysweaters #sambarskyknitter #knit #knitting #knitter #art #artist #sweater #intarsia #handknit #twintowers #statueofliberty #911 #september11 #91101 #9112001 #september112001 #september1101 #newyork #newyorkcity #NYC #ny #empirestatebuilding

Boringly postmodern and an ideological fantasy: Slavoj Žižek reviews Matrix Resurrections

📅 12 January 2022, 4:47am

Every reader has for sure noticed that, in my description of the movie, I heavily rely on a multitude on reviews which I extensively quote. The reason is now clear: in spite of its occasional brilliance, the film is ultimately not worth seeing – which is why I also wrote this review without seeing it. The editorial that appeared in
