## DESIGN EXPERIENCE

### STUDIO PREMISES

Graphic Design Intern

New York, NY

05/2025 — 08/2025

- Contributed to brand strategy for *Flower Knows* by refining brand core and designing new visual elements (logo, typography, color system, art direction, graphics) for future social media use.
- Designed a large-scale exhibition sign (52" x 67") for *ABLE Ecosystems*, simplifying complex supply chain data into clear visuals and accessible messaging.
- Developed a series of logos for *Solvix Foundry* through brand research, translating core values into strong visual identity concepts.

### BOBBLEHAUS

Graphic Designer

New York, NY

09/2023 — 02/2024

- Created custom visual elements, including graphics, patterns, and logos, to strengthen brand identity.
- Developed visual systems for brand events and campaigns across digital platforms, ensuring design consistency and engagement.
- Delivered production-ready tech packs by digitizing and refining sketches, enabling seamless collaboration with production teams.

Graphic Design + Marketing Intern

05/2023 — 08/2023

- Increased Instagram followers by 10.9% (from 11K to 12.2K) within two months through targeted content strategy and engagement for this New York-based sustainable streetwear brand.
- Organized in-store campaign events, established partnerships with consignment brands to boost visibility, while executing influencer outreach.
- Designed marketing materials, including sponsor decks, social media content and email templates, to support successful product launches.

### LEHIGH UNIVERSITY THE NEURO SALON

Graphic Designer

Bethlehem, PA

06/2022 — 09/2022

- Directed the development of a university research project exploring creativity through neuroscience, increasing community engagement by organizing interactive workshops and art exhibitions.
- Designed and executed digital and print graphics for exhibition posters, resulting in heightened event visibility and audience participation.

### COLORFUL BFF NFT PROJECT ART DIRECTOR

08/2022

- Developed website and 20 digital artwork pieces for an LGBTQ focused and blockchain-based NFT project that provide representation and visibility for people who might not see themselves reflected in mainstream media or art.
