## ABOUT ME

- Active in research on cognitive development through artistic practice and the states this practice elicits.
- Exploration of different artistic mediums for scientific interest, observing human development through experimental pedagogies.

## EXPERIENCE

2023 - 2025

### → MULTIDISCIPLINARY ARTIST

- Experience as a professional creator of sensitive and intellectual material.
- Able to adapt to different mediums depending on the needs of the project.
- Great interest in spontaneous experimentation and exploration, both in groups and individually.
- Experience in creating installations that freely combine different mediums (plastic arts, sound, audio-visual, or performance).
- Strong interest in writing and the understanding of art through poetry and essays.
- Plastic artist focused on abstract painting and the conceptual development of the "scribble".
- Experimental sound artist for installations or performances.

### PERMANENT EXHIBITIONS

- 2025: Permanent Exhibition at the RiFF, Valencia Spain.

2018 - 2025

### → AUDIOVISUAL ARTIST

Assistant Director, Editor, and Color Grader

- Work in artistic and technical fields.
- Editing and color grading for feature films, music videos, and short films.
- Collaboration on projects in Animation, Video-dance, Promotional clips, and Video installations.
