Born and raised on the island of Mauritius, DjSport is now based in Barcelona.

With a love for polyrhythmic, bouncy, mind-bending sounds, she brings up disorienting rhythms playing between tension and release.

Juggling cutting-edge bass and twisted dancefloor snaps, she draws fast, unexpected and eclectic sets, seeking the full-body workout of her audience.

Her selection spans a wide range of genres and energies, drifting between bass, breaks, jungle, halftime and drum & bass.

She has performed at venues such as Nitsa, Razzmatazz or Laut in Barcelona, Argo16 in Venice or Niche in London, and at music festivals: Primavera Sound Barcelona (Boiler Room) & Bone x Iklektik.

DjSport has cultivated a variety of shows through her residency on Radio Flouka, allowing her to dive deep into her "non-club" influences.

Now resident on Lyl Radio, she wishes to push her narratives even further with mixes exploring another realm of sound, focusing on channelling into the depths of textures, intricate rhythms, cosmic soundscapes and psychedelia. Her selection flows between ambient, dub, techno and halftime DnB.
