I strive to create compelling approaches to sustainability

education

French Baccalaureat
Economics and Social Science
French International School of Bangkok [TH]
2016

General & Applied Sciences
Upgrading program
Université Paris-Sud [FR]
2017

Industrial Design
Bachelor of Science
Eindhoven University of Technology [NL]
2021

Creative Sustainability & Information Design
Master of Arts & Minor
Aalto University, Helsinki [FI]
2025

career experiences

Collaboration & Internship

Woven Studio, Zaandam [NL]
01.24 - 09.24 & 02.22 - 07.22

Worked on multiple international museum art works, from prototyping & building phase to installation and disassembly (e.g. UNESCO HQ, G20 2023 India). Learnt the importance of and strategies for conveying a clear message which integrates science, technology and aesthetics.

Team Manager & Designer

Nurdle Soup, TU/e [NL]
11.19 - 07.21

Lead a student team that strives to prevent plastic pellet leakage. Detected, tracked and traced nurdle pollution through a collaborative solution with local and global stakeholders. Received a 5000€ sustainability grant.

Festival University

ARS Electronica & JKU, Linz [AUT]
09.21

Participated in a global initiative based on a creative and co-creation lens to think of new approaches in tackling the global challenges of today and tomorrow through transformational change.

Research Internship

Teijin Aramid, Arnhem [NL]
08.20 - 12.20

Lead exploratory materials research in a R&D lab to find sustainable alternative to the use of ultra performant film, Endumax®. Developed multiple MVPs and brought forward design thinking in the lab.

community roles

Crust Co-founder

Aalto University [FI]
02.23 - 02.24

Co-founded the Creative Sustainability program student club. Created inclusive and sustainability focused events in order to strengthen connections within the multi-disciplinary program. Received official recognition at a campus scale.

Event Coordinator - Board

Aalto Sustainability Club [FI]
07.22 - 02.23

Compass Co-founder

TU Eindhoven [NL]
2017 - 2021

Co-founded the LGBTQ+ community of the TU/e. The goal was to celebrate diversity within the field of technical education. The community reached out to 250+ people on the campus. Co-developed the visual identity.

Treasurer - Board

AEGEE-Eindhoven, TU/e [NL]
07.19 - 07.20

pedagogy

Highschool Tutor

Clever Mate, Paris [FR]
01.25 - ongoing

Provided weekly educational support and tailored activities for four highschool students mainly in Maths, English and French.

Design Based Learning, Engineering Design & User-Centered Design Tutor

Industrial Design dept, TU Eindhoven [NL]
2019 - 2021

Developed various skills as a tutor for multiple design courses. Worked on different scales of tutoring; from supervising 30 students, to guiding 4 groups of 5 students, to co-managing a course of 200 students.

Student Assistant

Education & Student Affairs, TU Eindhoven [NL]
2019 - 2020

Provided support and counseling towards Chemical Engineering professors to build their online courses on the TU/e course platform: Canvas.
