

ILLAPSE Residency Program

OPEN CALL WINTER & SPRING 2025/26

ILLAPSE is the artist residency program of Lapse. The program offers a workspace in Barcelona where artists and other professionals in the field of contemporary art can develop their practice. The ILLAPSE studio is located within the facilities of Lapse, where the resident will share common areas with three other artists.

Residents are encouraged to give a public presentation of their work. Lapse welcomes proposals across a wide range of media and contemporary artistic practices. We are especially interested in innovative projects that prioritize interdisciplinary experimentation and the exchange of knowledge across fields and cultures. By fostering collaboration and dialogue, our aim is to enrich the creative process and generate unique perspectives—bringing together diverse methodologies and viewpoints to produce meaningful outcomes.

Currently open for **winter & spring 2025/26** to **national and international artists**.

Residency Period

1, 2, or 3 months of your choosing, as long as they belong to the same season. Options now are for winter (**December, January, February**), or in the spring (**March, April, May**).

When applying, please indicate your preferred start month and desired duration. All residencies begin on the first day of the month.

Accommodation

We have a housing option to recommend in the center of Barcelona: a room in a three-bedroom flat with a private bathroom and shared kitchen. Housing expenses are not included in the residency fee. Let us know if you would like to know more.

Disciplines

ILLAPSE welcomes a range of artistic approaches, but we are not equipped for practices that require significant space, tools, or technical infrastructure. Performance, ceramics, large-scale or materially intensive work may not be feasible within the residency. We ask applicants to consider the space's limitations when proposing a project.

Studio / Workspace

An individual workspace of 14 m² within a shared studio with three other artists. There is also a common area near the entrance, of about 30 m², equipped with a large table, a sofa, a bathroom, and basic kitchen supplies.

Fees

The residency has a monthly cost of €500, to be covered by the resident.

Expectations for Residents

The ILLAPSE residency provides a supportive context where artists are invited—but not required—to share their work and processes.

ILLAPSE is a self-directed residency. While we provide space, support, and a public framework, residents are responsible for managing their own time and practice.

We expect residents to respect values of inclusion, non-discrimination, and respectful dialogue, rejecting all forms of violence, hatred, and systemic oppression.

Requirements

Please send us a **single PDF** file, titled with your full name and with a maximum of 5 pages in total, including:

- a letter of intent outlining your expectations and goals at ILLAPSE
- a project proposal
- a short bio, about you experience, education, and achievements in the art field
- an artist statement, describing what your general practice is about
- a short portfolio with samples of recent previous work

Deadline for Applications

Applications for Winter & Spring 2025/26 are accepted until **September 28, 2025**.
