Regenerative fashion designer and recent Master of Design in Fashion and Textiles graduate with experience in draping, tailoring, sewing, and garment construction, specializing in sustainable and circular design systems.

FASHION EXPERIENCE

Self-Taught Regenerative Fashion Designer, Glasgow, UK and New York City, USA **Jan 2021 – Present**

- Designed and constructed multiple collections using recycled and upcycled textiles
- Applied draping, tailoring, and sewing techniques to used materials to produce one-of-one pieces
- Graduate collection *presence, absence*, showcased at The Glasgow School of Art, explored regenerative, adaptive, and zero-waste design
- Produced The Glasgow School of Art Master's Fashion runway show, featuring 21 designers, for 200+ attendees
- Selected designer for the 2022 Brooklyn Fashion Academy runway show

Fashion Show Intern, Street Fashion Week Runway (SFWRunway), New York City, USA **Feb 2023 - July 2024**

- Supported the production of multiple New York Fashion Week shows under tight deadlines
- Managed model castings and backstage operations, including fittings, tailoring adjustments, and backstage garment preparations
- Coordinated volunteers and resolved live event issues under pressure

Volunteer Fabric Sorter, FABSCRAP, New York City, USA **Nov 2020 – July 2024**

- Sorted textiles from fashion brands for reuse and recycling, diverting materials from landfills and supporting sustainable fashion initiatives

OTHER PROFESSIONAL EXPERIENCE

Public Engagement Coordinator **Mar 2020 – July 2024**

Jamaica Bay-Rockaway Parks Conservancy, New York City, USA

- Researched, developed, and led public events and education programs reaching 10,000+ individuals for a non-profit organization
 - Established and managed communication, marketing, and social media strategies to foster digital and physical engagement; produced written and visual assets
 - Collaborated with diverse teams across government, non-profits, and the private sector
-

EDUCATION

The Glasgow School of Art: Glasgow, UK **Sept 2025**

- Master of Design in Fashion and Textiles (Commended, Sustainability Prize)

Grinnell College: Iowa, USA **May 2019**

- Bachelor of Arts in Biology (with Honors), Environmental Studies Concentration
-
