I really appreciate Helen P. for being near the keyboard section of the store. She is very knowledgeable about keyboards. Multiple employees came to see if I needed help. Helen Pan came to me while I was looking at keyboards. I got lucky that she is a keyboard enthusiast. She gave me some advice about key switches and good resources on how to build my own keyboard. She recommended the Epomaker Galaxy70, which feels very solid and creamy. I'm really grateful for her patience as I thought about my purchase. Thank you so much!
