

ether

A permeating image of pain  
fills the gaps of serotonin.  
The **Ether** heals my pain.  
The things you hold dear...  
friends,  
family,  
lovers...  
hurt you the most.  
You live with that.  
That's why we have the **Ether**.  
A place of eternal peace.  
That's the **Ether**.
