EXPERIENCE

Microsoft // Product Designer

07.2025 - Present // New York NY

Incoming.

Northeastern IT // UI/UX Associate

08.2024 - 05.2025 // Boston MA

Redesigned “Me” page within the Northeastern student hub to increase student-student connection. Conducted research and found out that ~ <90% of the student body used the “Me” Page. Designed a progress indicator on the student hub homepage to increase visibility of the redesigned page among students.

Microsoft // Product Design Intern

06.2024 - 08.2024 // Redmond WA

Integrated Microsoft’s AI tool Co-Pilot into Planner, a project management tool. Designed core feature for Co-Pilot agent to help automate drafts of designated tasks to help alleviate workload and inspire future planning amongst managers. Collaborated closely with UX researchers and performed moderated user testing.

Wearable X // Product Design Co-op

01.2023 - 03.2023 // Remote

Led a small design team for social media marketing. Collaborated closely with the research team to create data visuals on back pain relief for the Nadi X Smart Yoga Pants. Integrated user insights for marketing strategy. Supported web redesign to better market Nadi X.

RESEARCH

NYU // Urban Intelligence Lab Assistant

06.2020-08.2020

Worked closely with Dr. Debra F. Laefer to track the spread of COVID-19 in socially vulnerable neighborhoods across NYC. Created data visuals from large datasets. Designed materials and key insights made it into a published research paper.

EDUCATION

Northeastern University

08.2021 - 05.2025 // Boston MA

BFA Interaction Design from the
College of Media Art + Design

RECOGNITION

Northeastern Dean's List
