'Avocado Heights' — Filmmaker

Series of experimental and documentary shorts. The films are a visual portrait of a community in action-reflecting a movement that defined history for the cowboy lifestyle symbolic to this Los Angeles suburb.

'Faustina' — 1st AC

Documentary short film shot in Guatemala. The film follows a granddaughter through her and her family's grieving process after the loss of Faustina, her grandmother. Immigration, state violence, and family dynamics all play a role in this cathartic portrait of healing.

'Chestbound'— 2nd AC

Feature film following a young Black trans masc person healing from their top surgery, while attempting to restore familial relationships.
