Additional Experience

Technology Coordinator

Bells City School District | Bells, Tennessee, United States

Mar 2025 - May 2025

- Conducted technology inventory audits using Google Sheets, documenting damaged or missing equipment, coordinating repairs with vendors, and ensuring all devices were functional and ready for classroom use, supporting asset tracking, compliance and lifecycle management.

Social Media Specialist

Habitat for Humanity of Greater Nashville | Nashville, Tennessee, United States

Jan 2023 - Jan 2025

- Managed digital content operations across Meta platforms and LinkedIn, designing assets, maintaining a multimedia archive, and optimizing campaigns that generated 382K+ page visits, 1M+ video views, and 4K+ new followers.

Freelance Photographer

The New York Times, Nashville Scene, Consequence of Sound, Self-employed | United States

June 2016 - Dec 2024

- Produced high-volume photography covering local music, touring acts, festivals, and general news assignments, meeting tight deadlines and editorial standards while collaborating with editors and event staff.
- Managed and archived images via Photo Mechanic/FTP with accurate IPTC metadata.

Photo Technician

Lensrentals | Memphis, Tennessee, United States

Oct 2021 - Jan 2023

- Inspected, tested, and documented functionality of camera systems and accessories, managed equipment intake and distribution via FedEx/UPS, and collaborated with internal teams and vendors to ensure accurate asset tracking.

Photojournalist Intern

USA Today Network / Gannett | Nashville, Tennessee, United States

May 2019 - Aug 2019

- Delivered 300+ photos under tight deadlines and archived them via Photo Mechanic/FTP with complete IPTC metadata for the Gannett/USAT database.
