# **Experience**

## We Are BMF

NYC, New York Aug-Dec 2023

Worked as a multidisciplinary designer at New York creative marketing agency. Helped create experiential 2D and 3D designs for clients such as Gucci, Marriott, and Douglass Elliman. Developed moodboards and branded imagery, drafted floorplans, graphic collateral and proposed design directions for brand activations.

## Catalyst Product Development

Indianapolis IN, OH Jan-May 2023

Served as industrial designer on a range of projects at engineering and design consultancy. Designed patented user interface and branding for client projects, prototyped solutions in Solidworks, created physical models to test concepts, improved products for easy disassembly and use and functioned as a CMF designer.

#### Procter and Gamble

Cincinnati, OH May-Aug 2022

Innovated in fabric care products working with products both close to market and upstream. Designed new ways to introduce sustainability in packaging and design. Envisioned the future tensions and changes in the home and how to improve the laundry experience. Conceptualized new ways to deliver formulas and created prototypes with SolidWorks.

## Casco Manufacturing

Cincinnati, OH Jan-Apr 2021

Helped develop new products in the commercial and medical fields. Created patterns for products in Illustrator and sewed prototypes. Tested products for quality and conducted market research.

#### Marian Inc

Indianapolis, IN April - May 2020 Employed at manufacturing company making die cut equipment and boxing them.

# **Other Experience**
