Dear Brothers and Sisters of the CFMEU Construction and General Division,

As the General Coordinator of the International Dockworkers Council (IDC), I am writing to express our profound support and solidarity with the Construction, Forestry, Maritime, Employees Union (CFMEU) in the face of the recent unfounded allegations directed at your esteemed organization. These attacks, driven by both conservative factions and members of the Labor Party and the right wing press are clearly attempts to destabilize and discredit the important work that the CFMEU does for workers across Australia.

The IDC condemns these politically motivated assaults and stands firmly with the CFMEU, recognizing that an attack on one labor organization is an attack on the entire global labor movement. We are deeply troubled by these developments and unequivocally reject the baseless accusations against your union.

The CFMEU has shown tremendous solidarity with the IDC, particularly during our struggle against Orsted. Your support was a testament to the strength of our international labor alliance, and it is now our duty to reciprocate that solidarity. We will not allow any political entity to undermine the integrity and unity of the CFMEU.

Despite the geographical distance between our organizations, the bond we share is unbreakable. The IDC stands ready to support the CFMEU in any capacity needed during this challenging time. Together, we will continue to fight for the rights and dignity of workers everywhere.

In solidarity,

Dennis A. Daggett
