# Ungenerating AI 人工逆生志

## 策展論述

大家通常對 AI 的定義，無非是電腦計算、演算法，或自動化。AI 顛覆了我們的頭腦，亦代替了雙手去實現一種形式。困囿固態展覽，展覽形成了具體化的形式可以被複製。策展不再是打開體驗藝術的窗口，既然有內容創作，科技便回收、抄寫、取代。若任何工藝、界別和話語都輕易複製，為什麼還要創造？複製是原始的恐懼。

以前策展的定義，「人工逆生志」分辨了「形似藝術科技 (arty tech)」和「神似科技藝術 (techie art)」。形似藝術是恐怖谷效應，以科技無痛流水複製形式。尤如機械人，「既非人工，亦非智能」。而神似科技的藝術，因為背後的長篇解說被應用和吸納而回歸了機械，幾乎任何發起都成為了機械對話，可謂「人工素材」。

但是，藝術和科技本來的關係是什麼？真的應如此一面倒的對立，甚至乎要反科技嗎？

「人工逆生志」邀請的藝術家不但沒有從事 AI 相關的背景，而且從事有傳統、非傳統和跨界創作。抽絲剝繭後，大家分享了前人對科技加諸的歷史意義，而創作過程更發展了新的 AI 概念：陳曉慧陷入無底的兔子洞，嘗試數十個 AI 繪像和影像程式後，《Missing Jaya》第三部的錄像後來組合展現了集體對每天的洞頭面孔的距離又縮密成；AngeliKa 混合電子音樂時，忍受了不少連續 AI 軟件音樂，《人性智能 / 人工節拍》讓大家重新發現地下電子音樂創作群體 (rave)；劉冠兒在中途捨棄了科技，反而以金屬混合雕塑《斷食島》批評讚美式的城市美學；廖家明投入自己身體參與聽見私密空間，並將大量生成的同志身體融入自己的仿造身體，稱之為《創造者》；譚敏濠將作品一分为二，二分为五，展示了視覺文化不斷自我生成直至空虛凋零。

## AI 不是複製。

藝術家沒有為之所動，與大流行的 AI 不一定需要選擇和破壞。無論媒介是跨界、話語性的，或是形而上的，在各自的領域都有各自的對話，彷彿藝術和科技是平行的。

而關鍵的是，AI 到底如何「逆生成」，返回到作品和作品的世界，成為「那一塊」填補的碎片？

今次重新定義 AI 要超越機械、社會文化分配和展覽歷史——那些我們看不見但已經知道的東西——

《Missing Jaya》圍繞尋找失蹤 Jaya 的歷程，讓觀眾在她遺留下的半透明保潔中尋找線索，再讓藝術家在 2020-2021 年失蹤的追尋。在後疫情時代，人類如軟體動物撐出自己的介殼再次建立信任和親密。人工智能亦如精巧或擬以人為的生物數據作為養分，以集體科技作為其溫床。透過尋找 Jaya，探索由面孔編織的新舊碎片，讓我們一見是這個由大眾（自願 / 非自願）飼養——大型又公共的牠媽哥池 (Tamatotchi)。作品亦巧妙以元評論來回應尋獲資料片段和生成影像之間的調和。

*Missing Jaya* revolves around the search for disappeared Jays among her home-found translucent furniture, continuing the artist's vain search in 2020-2021. In the post-pandemic era, people come out like mollusks emerging from their shells to rebuild trust and intimacy. AI, like the deep-sea gram bug, nourished itself by absorbing biometric inputs as its lair and nesting in the breeding ground of collective technology. Through finding Jaya, we will discover the contexts in fragmented news interwoven with faces, and witness a gigantic, public Tamatotchi - a mass-bred database of (in/voluntary) intelligence. The work also offers a metacommentary on the compatibility of found-footage technique and generative images.

在舊作《YesYesYes》(2021) 中，藝術家從同志交友 App 中收集大量圖片，繼而進行機器學習並製作出一系列的 YES!Card。《創造者》基於自動咭片機 (YES!Card 機)，將人工智能生成圖像與藝術家的身體照相相整合。觀眾可支付 \$20 以使用咭片機及獲取心儀咭片。

經人工智能扭曲的同志身體圖像與同志網上交友文化中對完美身體的病態迷戀相呼應。在這一新作中，人工智能的精神力量則進一步把身體和行為商品化。在人造精神轉變成現實的過程中，觀眾不自覺地把他望投射讓步於人工智能。

*The Creator*, yes card machine installation, is subsequent to the series of *YesYesYes* (2021). In *YesYesYes*, Liao collected massive images from gay dating apps and generated a series of yes cards through machine learning. *The Creator* embodies these generative images of gay bodies inside the artist's bodily lifecast. Audiences can pay \$20 per attempt to interact with the card machine and collect favoured cards.

The distortion of gay bodies materialises a fetish for bodily perfection in gay online dating culture. In *The Creator*, the psychic power of AI further commodifies bodies and behaviours. Audiences give in their unconscious projection to AI during the conversion of artificiality into reality.

## Does AI evoke an existential crisis?

The current AI-related happenings have to be an interactive blockbuster, placing in the gallery a gigantic prosthetic, coincidentally sharing a similar look on the ones in the factories that produce automatic vehicles. Impregnant the fantasies, *Titanic* (2021)! These psychic projections with loud music are then constructed with overwhelming references and personification.

A straightforward answer to the rise of AI would be that due to financial schemes, Hong Kong is sensitive to the offshore rise of technologies, ranging from clouds, to NFT, to cryptocurrencies, to Web 3.0, which have been dated within a year's emergence. It's easy to blame the rich. Some of the wealthiest representatives buy into the concepts prematurely to stimulate our nerves again once people have fallen from the previous hype. The technology has to sound destructive enough to catch our attention. FOMO arises as a result of the speculative privilege to take profit from other parts of the world. Outside Hong Kong, social commentary on artificial stupidity and political ethics has caught the most attention from people with more social agency to express. The super intelligence breaks down once somebody points out its fault.

If we conclude in this way, the exhibition and curatorial statement should wrap up here. Is the relationship between technology and art what we have assumed? Is art only an instrument to express the relationship between humans and technology?

One would say every upheaval of new technology is a way to reflect human existence, as if the world were always in total peace and order. If AI is really something brand new, the theorists should have extended it beyond machine learning, big data and automation. But AI, in its vague and abstract definition, ends up reviving nothing but a superficial form because it has changed the external order of environment. It makes us believe we can never get out of this new, entrapped reality. AI can be primarily understood as a mechanism that hijacks our focus on existing ongoing issues and perhaps exaggerates

General Statement (Continued)

a sense of despair. In this case, it wouldn't be a wise choice to trust this involuntary anxiety of an existential crisis.

Overall, one might consider AI as a continuation of the conservative system without renewal.

## Ungenerating AI: Different aspects of AI

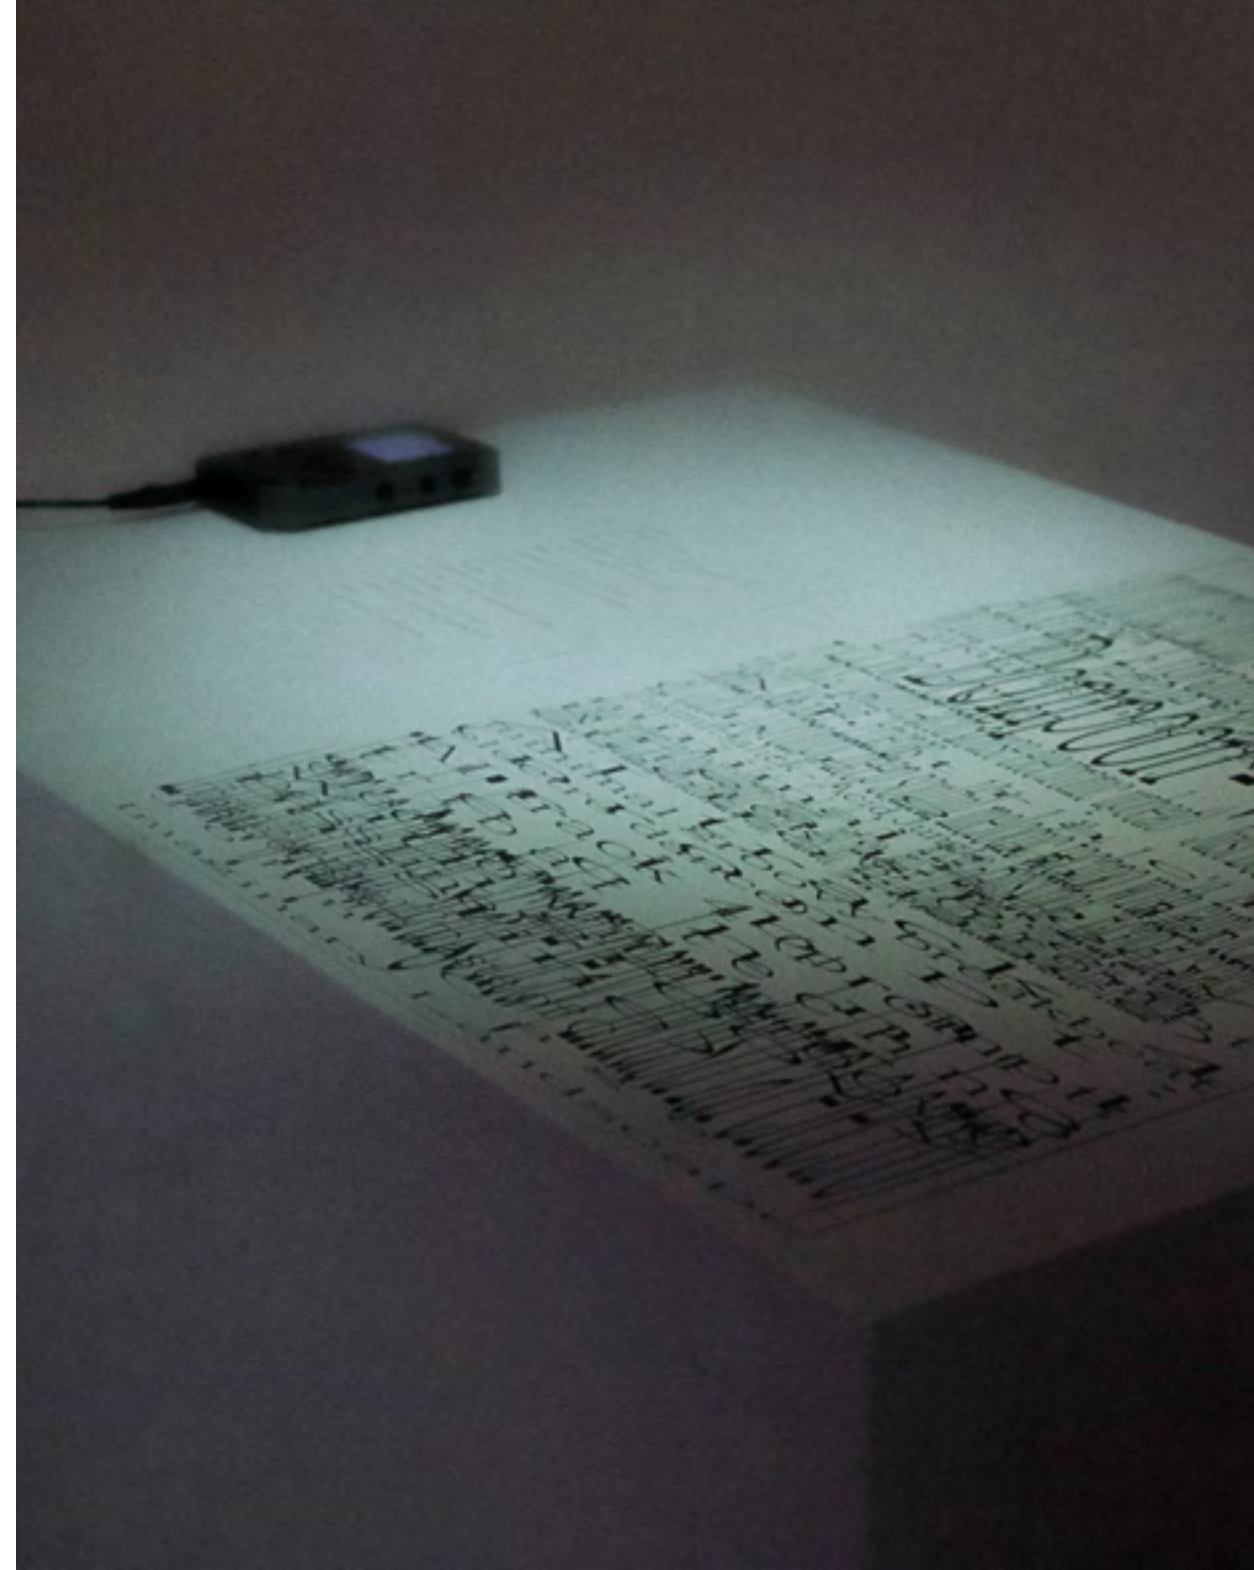

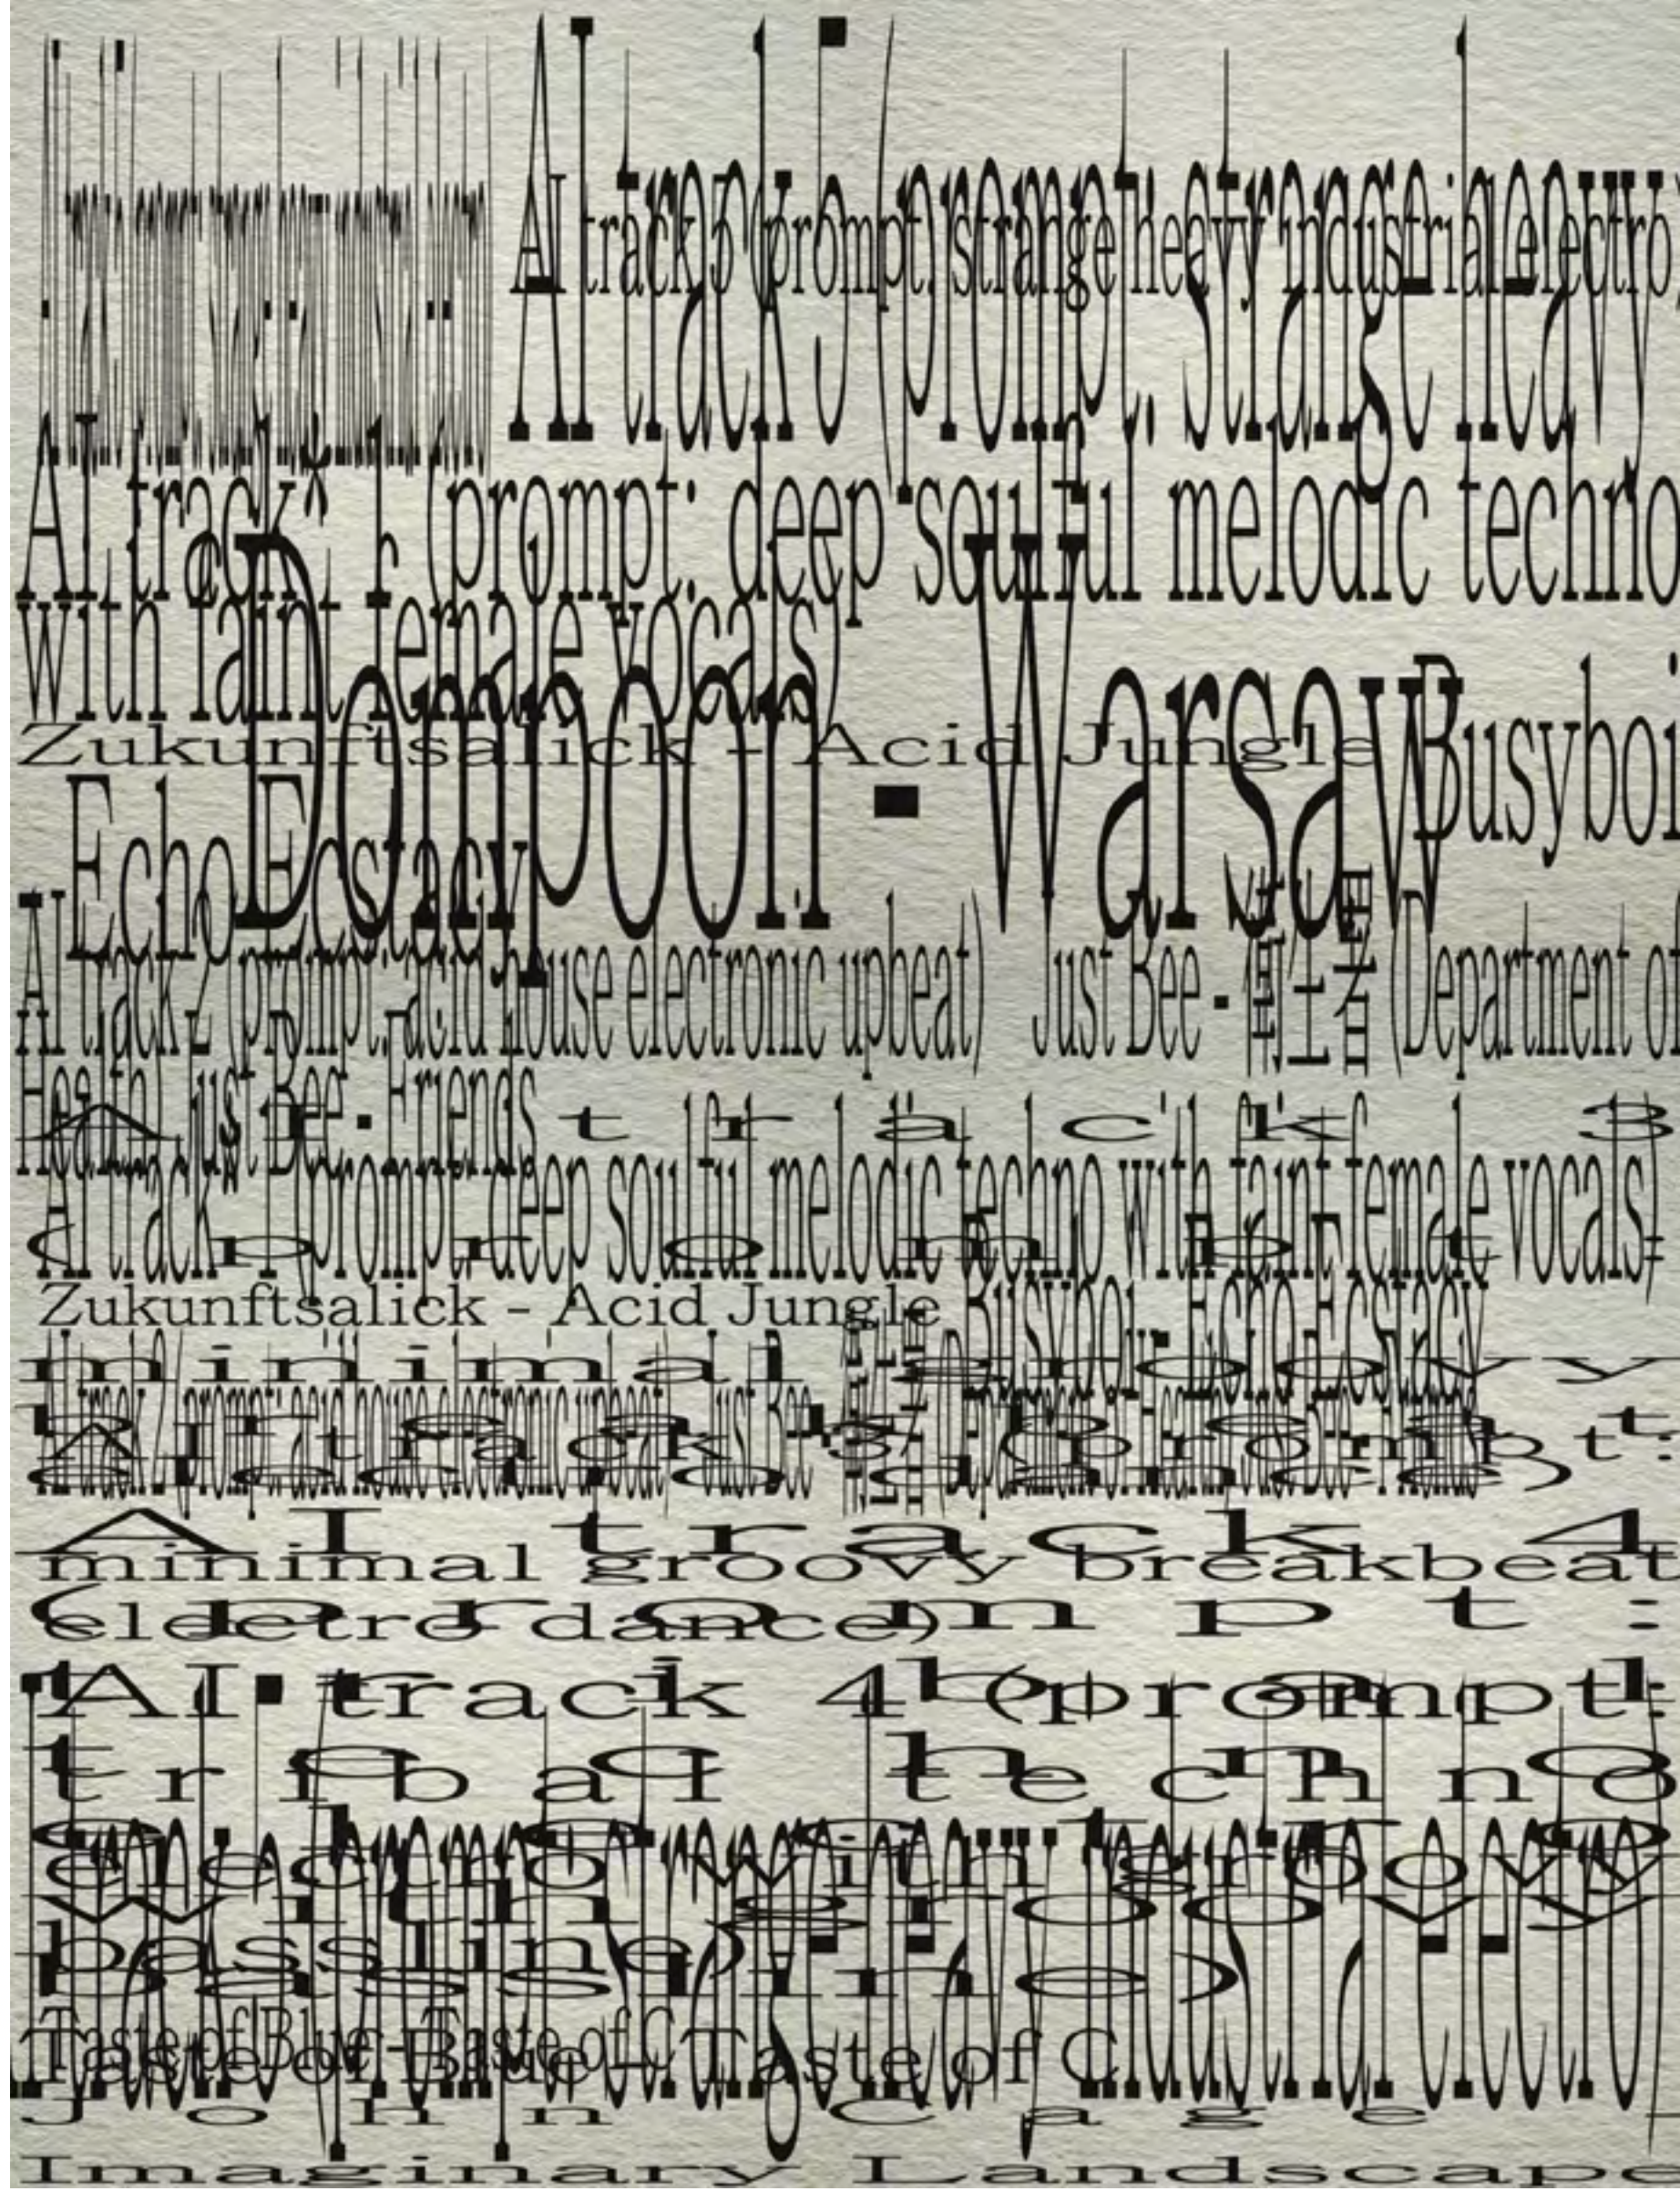

Perhaps this is more an existential crisis for artists than the public. Creative work has been hugely challenged. *Ungenerating AI* criticises *arty tech* and *techie art* with avant-garde methods. Both are sugar-coated poison to our understanding of AI. There's no in-between: AI has to be either privatised or institutionalised. But in fact, we should look beyond. To clarify, for a more formal study of the disciplines of the artworks and curatorial texts, I will refer to Till Bökeler and Peter Tepe's classification as follows:<sup>9</sup>

- tech-related art* in the broader and narrower sense, comprising artistically used technology in visual arts and thematised but indirect use in visual arts;
- technology-related art* with a scientific reference;
- collaboration between science, technology and art;
- artistic research* that is reflexive and theoretical.

The curatorial problem would be that some aspects clumping together and representing the whole, outweighing one another. Yet, from my observation, the happenings do not usually cross these separate aspects. Theorising certain perspectives might only represent the tip of the iceberg. To deconstruct, I am going to address each aspect relevant to the scope of AI. Let's say Hong Kong artists with non-AI background only have a tiny budget, how would this critique exhibition look?

粵劇新秀演出系列

香港八和會館主辦的「粵劇新秀演出系列2022-23」轉眼已開展第四屆，一眾粵劇新秀在資深師傅的帶領下，繼續為香港粵劇戲迷送上精彩好戲。而《玉郎三戲女將軍》(下稱《玉》)絕對是此系列不容錯過的精彩佳劇之一。各位粵劇愛好者必對劇目《三看御妹劉金定》(下稱《三》)早有所聞，未知大家對《玉》劇的內容有否感到陌生?事實上，兩劇的內容相連，同樣講述劉金定和封加進《三》劇中劉金定也名字劉金定)妙趣橫生的戀愛故事。

劇情安排：女主角金鳳是中劇不讓須眉的勇武將軍，因為平寇有功獲封御妹(公主)；男主角加進乃尚書之子，身為手無縛雞之力的文弱書生，偏愛聽大好奇，為照顧公主芳容，竟不惜弄裝打扮，兼公主在寺庵地香時偷窺，雙方不期而遇，一看就對彼此一見鐘情，金鳳更相思成病，加進隨即假扮御妹到府問病，劉名的「戲」者，與其說是調戲反弄，實指兩位主角在那個愛慕之下的打情罵俏，由初見傾心至地露真情私訂終生，兩人的互動處處流露出濃得化不開的甜蜜。

值得一提的是《玉》劇的電影版本早在1967年2月8日就在香港公映，由羅冠英導演，香港影壇「七公主」成員陳寶珠和羅芳芳分飾男女主角，據五月出版社在同年發行的《芳芳沙龍》報導，此為芳芳與寶珠合演《七彩神龍》之後，首次在水銀燈下合演古裝袍甲大戰，芳芳更扮古代將軍服裝，有威「張口龍吐噴嚏，噴龍尾搖尾在湖裏」，不想這聲譽和胸襟廣闊的平穩，依然實力獲出。電影公司顯然亦對劇情或特效有「特意挑選最精彩新年檔期」安排電影在年廿九首映。

楊柳淨版說觀音：  
《香花山大賀壽》與  
紅磡觀音廟文化粵賞

觀音佛祖信仰的神話，觀音必定榜上有名，其「大慈大悲、救苦救難」的形象，繞道回粵，深入民心。香港不少地區均設觀音廟，建於清朝同治年間的紅磡觀音廟，香火鼎盛，歷史與該區發展息息相關。

而在每年的農曆九月廿八，粵劇全行為戲神華光先師賀誕，齊心上演神戲《香花山大賀壽》，內容正是敬述觀音向觀音賀壽的盛況。

究竟觀音的故事，在劇字和在粵劇中的呈現方式有何不同?兩者又如何反映人們對美好生活的期許?是次活動將為大家一一講解。

《玉郎三戲女將軍》 - 辛傑林

由香港八和會館主辦的「粵劇新秀演出系列2022-23」轉眼已開展第四屆，一眾粵劇新秀在資深師傅的帶領下，繼續為香港粵劇戲迷送上精彩好戲。而《玉郎三戲女將軍》(下稱《玉》)絕對是此系列不容錯過的精彩佳劇之一。各位粵劇愛好者必對劇目《三看御妹劉金定》(下稱《三》)早有所聞，未知大家對《玉》劇的內容有否感到陌生?事實上，兩劇的內容相連，同樣講述劉金定和封加進《三》劇中劉金定也名字劉金定)妙趣橫生的戀愛故事。

全劇的精髓在於金鳳之父劉天仇憤然反對女兒私自訂婚，以加進冒犯公主為由，請求皇帝將其斬首，金鳳為得愛一己愛情，展現出不下於陣上殺敵之勇氣，直與加進兩情相悅，若意中人為愛力下書，自己亦愛為情願受刑，皇帝深明理地親親自臨，或成一段美滿佳話，難在昔日報章劇評，此故事甚至被形容為能夠體現「新生力量與封建勢力的尖銳鬥爭」，《華僑日報》，1978年10月24日，稱言之：「此劇講述的既是一個喜感滿溢的典例青春戀愛故事，更可被讀出追求婚姻自主的深意。」

劇情安排：女主角金鳳是中劇不讓須眉的勇武將軍，因為平寇有功獲封御妹(公主)；男主角加進乃尚書之子，身為手無縛雞之力的文弱書生，偏愛聽大好奇，為照顧公主芳容，竟不惜弄裝打扮，兼公主在寺庵地香時偷窺，雙方不期而遇，一看就對彼此一見鐘情，金鳳更相思成病，加進隨即假扮御妹到府問病，劉名的「戲」者，與其說是調戲反弄，實指兩位主角在那個愛慕之下的打情罵俏，由初見傾心至地露真情私訂終生，兩人的互動處處流露出濃得化不開的甜蜜。
