ABC Radio National

For the attention of the selection committee, Creative Australia

I am the Executive Producer, Arts at ABC Radio National, and over the past year I have had the opportunity to work with, and supervise, Anabelle Lacroix in the role of freelance producer in the arts team at ABC Radio National.

Anabelle Lacroix's experience as a curator crosses visual arts, music and radio with an impressive track record. Anabelle has worked with with organisations and arts institutions in Australia, including Liquid Architecture (our leading sound art organisation), and internationally with organisations such as the Centre Pompidou.

When Anabelle first told me about their project *Transmission Point*, I was instantly excited by its potential as a creative project. La Perouse is a significant area in Australian history, but it is also a fascinating and unique point for creative work.

I will be delighted to promote this project through the arts program and to think further about possible collaborations and connections with other programs at the ABC.

I believe Anabelle's impeccable producing skills will result in a great success and touch local audiences in Sydney as well as radiating out beyond the city to radio audiences nationwide.

I thoroughly endorse Anabelle for this grant as a producer, creative thinker and responsible artist, and I look forward to experiencing *Transmission Point*.

Regards,

Ce Benedict
