

Bottle Menu

Our priorities at Gift Horse and Oberlin are as follows: Thoughtfully made wines from all over the world, at approachable price points and levels of frivolity. Natural and biodynamic wines are the cornerstone of the list; they agree with our sensibilities and they taste better, and that's a hill I'm willing to die on. Our love for riesling abounds, and you'll notice a growing selection of wines from the East Coast, too. I'd like to recognize a few winemakers: Lou Rochet of Chateau du Grand Bos, the eponymous Martha Stoumen, & Elisabetta Fagioli of Montenidoli, as current joys of ours. As our wine book grows to accommodate the size of both Oberlin and Gift Horse, so should its focus meander and develop.

Believe it or not, a wine list is meant to be accessible and enhance your experience with us, not overwhelm! You will find wine categories arranged firstly by proximity and then alphabetically after that (United States, France, etc.). Inside you will find symbols that highlight some bottles we are giddy for! Conversation is also a part of accessibility: let the team know what you're after and what you are comfortable spending, and we will guide you in the right direction.

Each bottle is listed in the following format:

Producer. *'Couvée' / Name of the Wine.* **Grape Varieties.** Place of Origin. Vintage

Perfect for Gift Horse
