

Lujain Tamer Mansour CV

Profile

Young, passionate and proactive artist with a strong background in ceramics, community engagement, workshop design/delivery and public facing presentation. Working primarily in the arts and research with a specialization in anthropological-themed visual investigation across the SWANA region. Possesses extensive practical skills across 2D, 3D and XD mediums (see below key skills) with an enthusiastic approach to experimental medium and process mixing. Has been invited to speak on multiple panels at notable institutions such as LUX Moving Image and Storefront for Arts and Architecture New York. Facilitated a wide range of engaging yet accessible workshops for various demographics while managing the promotion and attendance of more than 3 sold out events. Continuously participates in collaborative exhibitions and screenings, with great organizational, curatorial and problem solving skills under pressure.

Work Experience

Fine Artist (2021-present)

- Self-driven and self-managed schedule, responsibly maintains a productive and punctual work environment that intertwines research with physical mediums to consistently produce resolved work in respect to project durations.
- Manages on-sight installation and deinstallation of artworks in both a careful and curatorial manner
- Coordinates logistics and calculations involved in installing electrical equipment and physical work while considering spatial limitations.
- Engages openly with material adaptation and experimentation across drawing, printmaking, ceramics, woodwork, metal, textiles, analog and digital film, etc.
- Core themes centered around SWANA community building through the arts and education.
- Collaboratively and flexibly works with curators, institutions and other artists to organize productive and intriguing exhibitions/programs, addressing current events from a social-creative standpoint and screening programs for the general public as well as SWANA specialized audiences.
- Consistently produces high quality, environmentally conscious archival work in respect to project concepts while finding solutions and alternatives to non-archival materials and processes.

Freelance Workshop Facilitator (2025-present)

- Designs 2 hour long workshops from scratch around community building and psycho-automation as a creative practice, blending both complex creative theories and physical art making practices in a simple, digestable and accessible manner.
- Patiently and warmly provided support and further clarification to participants with different skill levels and educational backgrounds to cultivate a positive learning environment.
- Managed the social media promotion and event planning of multiple sold out workshops.
- Ensured punctual and smooth delivery of workshops with up to 25 participants.
- Maintained clean, organised and hygienic workspaces in accordance to health and safety regulations while taking precautions when using higher risk materials such as clay and flashing lights.

Public Speaker and Presenter (2023-present)

- Participates in complex panel discussions relating to creative theories and decolonial approaches to art making, especially within the context of Palestine and the SWANA region. Specifically specializing in psycho-automation as a method of art production.
- Adapts language based on audience, prioritizing accessible communication for a wide demographic including children, academics and the general public.
- Thoroughly researches and prepares proactively, with a passionate dedication to follow atypical directions of investigating niche topics to widen knowledge bases.
- Answers and discusses difficult Q&As productively while maintaining professionalism.
- Delivers informative presentations based on artistic practice and alternative research/archival methodologies in a clear and engaging manner.
