WORK EXPERIENCE

- *January 2023 - April 2023 and September 2023 - December 2024*

Procter & Gamble | Industrial Design Intern

Designed packaging in the Fabric Care department. Collaborated in brainstorming presented ideas in front of the team of 30 people, and ideated with SketchbookPro, SolidWorks, and prototyping tools. Met weekly with manager to overview and collaborate on projects. Arranged meetings with co-workers to learn and collaborate. Second co-op was placed in the Transformative Platform Technologies department working on front end innovation with same responsibilities.

- *May 2022 - August 2022*

School Outfitters | Industrial Design Intern

Sketched to ideate furniture ideas based on given research and topics. Collaborated on each project for three weeks to come up with new ideas for the company. Designed in Solidworks to convey designs to present to the team for them to consider putting on their pipeline. Learned best practices for manufacturing products. Attended weekly product review meetings and input feedback.

- *August 2021 - December 2021*

1819 Makerspace | Prototyping Lab Assistant

Assisted customers of the makerspace with 3D printing, laser cutting, sewing, electronics, ESPON printing, and vacuum forming. Trained on woodshop side to design and create a display and storage shelf for the shop. Designed a 'no experience' workshop that combined laser cutting, 3D printing, and electronics to teach new customers basic prototyping skills.
