

RIP in good  
faith says the texter.  
Ball in the neck does a flopper.  
Try to speak is a product that  
contains a addictive chemical.  
Ditch is an itch,  
It never has to be a hole  
Brown fraught tis not  
squiggle nod like  
sir toad - croak  
does a seed die  
without a cry?
