US series called Young Sheldon nicely passes dull time on exercise machine. Witty like Simpsons – not just contrast of solemn young genius vs sibs, but gentle satire on “normal” US family: fat football-coach father, airhead religious mother, brash, in-your-face grandma. Fun.

**I hate small talk.
I wanna talk about atoms, death, aliens, sex, magic, intellect, the meaning of life, faraway galaxies, music that makes you feel different, memories, the lies you've told, your flaws, your favorite scents, your childhood, what keeps you up at night, your insecurities and fears. I like people with depth, who speak with emotion from a twisted mind.**
