Education

ArtCenter College of Design Pasadena, CA
Bachelor of Science in Industrial Design | Minor in Business
September 2021 - Expected Graduation December 2026

Work Experience

Garmin - Industrial Design Intern
Portland, Oregon | Sep 2025 - Present

Currently working full time with the Industrial Design team creating consumer electronics in the diving underwater market.

Razer Inc. - Industrial Design Intern
Irvine, California | June 2025 - Aug 2025

Supported the ID team in development process for various products. Was tasked to create a new product concept within the gaming consumer electronic market space, with the utilization of AI as a hardware rather than software. The process includes conceptualizing, trend and ergonomic research, sketching, branding, CAD, and prototyping.

lifestyledesign - Industrial Design Intern
Santa Barbara, California | Jan 2025 - April 2025

Worked full time with multiple clients and participated in lifestyle-focused projects from concept generation and research to manufacturing and visualizations to help their products be ready to launch.

Munchkin - Industrial Design Intern
Van Nuys, California | Oct 2024 - Dec 2024

Working closely with the industrial design team and engineers on a full-time basis, I developed ODM+ and OEM products by identifying market pain points and opportunities. The development involved refining Pantones and CMFs, exploring mechanisms and functionality with engineers, FDM, resin, and silicone prototyping, creating Illustrator vector drawings for packaging, user testing and research, and producing patent drawings.

OpenSea - CAD Designer | NFT Illustrator
Anaheim, California | Sep 2023 - Nov 2023

Worked with the design and marketing team to create NFT illustrations, 3D character designs, 3D custom tokens, and branding banners for a new campaign
