

Flight Camp

@Pestalozzi Kinderdorf

overnight flight camp

Techlabs - Camp Host

- Introducing a unique flight school for kids nestled in the picturesque Swiss mountains co-hosted by the Pestalozzi Kinderdorf foundation. Our flight school offers a one-of-a-kind experience, focusing on the design and building of remote control (RC) airplanes.
- Through hands-on workshops and expert guidance, participants will embark on an exciting journey of building their very own RC airplanes. Our experienced instructors provide step-by-step instruction, teaching kids the fundamentals of aerodynamics, engineering, and electronics.
- The world famous Pestalozzi Kinderdorf provides an ideal backdrop for our flight school. Surrounded by breathtaking natural beauty, children can immerse themselves in the wonders of nature while honing their aviation skills. The serene atmosphere and fresh mountain air create a perfect environment for learning and exploration.

Make an Impact

- Techlabs Giving is the organizing host, providing the equipment, training, and guidance for the duration of the camp
- 12 full days of teaching, facilitating and hosting 60 campers, at an estimated cost of 406 CHF per camper per day *

Why Choose TechLabs Giving?

TechLabs offers After-School, Holiday, Summer Camp Programs and Corporate Events in Science, Technology, Engineering, Arts and Math. Our goal is to deliver a fun, engaging, and educational experience that

jump-starts young people's and adults' understanding of technology. We utilize open-source, non-proprietary tools exposing our participants to new ways of employing technology to impact the world around them.
