EXPERIENCE

Decimal Studios —Design Intern

New York, NY | May 2025–Aug 2025

- Led a brand identity project for a Webflow studio, creating a full system including logo, illustration, motion, and website design.
- Developed 4 distinct concepts and directions to present to the client.

Unknown System —UI Designer (Volunteer)

Remote | Jan 2025–Present

- Collaborated with the design team on UI visuals, user flow, and information architecture for a smoother user experience.
- Developed brand illustrations for a more welcoming user interface and strengthened the engagement between the user and the app.

CLOUDHUES —Graphic Designer (Contract)

Remote | Jan 2024–Feb 2025

- As the sole designer, I designed the tea packaging for CLOUDHUES brand's original product.
- Created, implemented, and maintained a design system that aligned with brand guidelines and technical considerations.

Lightsaver — Graphic Designer Intern

New York, NY | Feb 2024–May 2024

- Established social media campaigns and daily posts.

Seat In Green —Graphic Designer (Contract)

Remote | Oct 2023–Feb 2024

- Developed the brand identity for the start-up, establishing a legible visual system that aligns with the brand's values and vision.
- Collaborated with the design team to define design goals and ensure seamless implementation for packaging.
