CREATIVE DESIGNER

Working at Stamats, I play a pivotal role in the creative team, contributing to the development and execution of brand strategies, campaign initiatives, logo creation, design layouts, and various creative processes. My responsibilities include collaborating closely with other professionals as well as clients to bring innovative ideas to life, ensuring a cohesive and visually appealing brand identity. This position allows me to continually learn and enhance my design skills, fostering professional growth and creativity. By staying up-to-date with trends and best practices, I strive to deliver compelling and effective design solutions that resonate with our target audience.

MEDIA INTERN

Working for Washington State University's Football Media Team was rewarding. This job helped me develop my creativity, design skills, and inspirations. The team encouraged me to think bigger and better. Throughout the position, I practiced design with procreate, photoshop, and adobe illustrator. Although my focus was illustration/ digital art.

PRODUCT DESIGNER

2022 STEAM PAD LLC-A minor start-up company. Working with the owner to design the beginnings of what could be a major project. I created 3D mockups of the technology and product through Autodesk Maya. Our ideas encompassed what we discussed and would potentially benefit the design and contained the vision of the company.

MEDIA COORDINATOR

At Gretchen's house, Preschool in Ann arbor Michigan: I was teaching art and various topics related to gentle learning. As I am no longer teaching there, I have continued my work as the active designer and social media coordinator, overseeing a team of representatives and collaborating with one other coordinator. Developing the social media presence creating a community for families and staff as well as the public to feel welcome and invited.

FREELANCE ARTIST

Since 2015, I've been pumpin' out original works off commission and from my own original process. Art is one of my greatest passions; whether it be from every day life, fashion, music, or just straight up other art. My most successful year I sold about 8 oil painted pieces, and there is more to come.
