Education

Brigham Young University
Graphic Design BFA + Art History Minor
January 2018 – April 2023

Experience

Freelance | Motion Designer September 2024– Current

Worked with clients including Remark Agency, Utah Hockey Club, Planet 13, Gimme Beauty, and BetterRx to create dynamic and visually engaging assets that aid in communicating branded messaging and animated storytelling.

Utah Jazz | Motion Design Intern September 2023 – June 2024

Designed motion assets for in-arena presentations, broadcasts, social media and advertisements, all within a brand system centered on kinetic typography. Contributed in developing motion language for specific campaigns throughout the season.

BYU Design Department | Teaching Assistant September 2022 – June 2023

Created a catalog for the department's typeface library and organized department events. Managed class content, facilitated student award applications and communicated deadlines and project requirements.

Intuitive Surgical | Graphic Design Intern May 2022 – August 2022

Designed educational print and digital materials for patients, surgeons, and other care providers, while updating internal documents to align with the new branding system. Additionally, created social media templates for an awards ceremony.

BYU College of Life Sciences | Animator + Illustrator April 2021 – May 2022

Illustrated and animated videos that simplified complex research conducted by department professors. The videos were designed to engage a broader audience by breaking down intricate topics into comprehensible videos.
