KIDSUPER FREELANCE DESIGNING

Through SuperSolid, I have contributed to KidSuper's Paris Fashion Week shows since their Spring 2024 collection, most recently for Spring 2026. Over the course of five collections, I have been involved in prototyping, developing garments and accessories, and sewing final pieces.

WORK FOR STÉPHANE ROLLAND & ASHI STUDIO EMBROIDERY & ACCESSORIES

I worked with Stéphane Rolland and Ashi Studio on embroidery and accessories, hand-embroidering beads and ceramic pieces onto intricate gowns. I also designed and handcrafted ceramic embroidery elements, which I also used to make accessories.
