- InDesign
- Photoshop
- Animate

Sketching

- Procreate
- Sketchbook

Analog

Sketching

Rendering
Prototyping

Making

- 3D Printing
- Sewing
- Vacuum Forming
- CNC Machining
- Wood Working

Finishing

- Sanding
- Painting

Design Experience

Huffy Corporation, Design Coop

August - December 2023

- Created sketches, CAD models, and product renders for concept validation
- Presented design proposals to the Sr Design Manager and product development team from Disney, Marvel, Lucasfilm
- Modeled CAD of approved licensed projects for factory release

January - April 2023

- Assisted in sketching, CAD modeling, rendering, and prototyping for various projects.
- Ideated and developed various concepts for licensed products including Disney, Marvel, Lucasfilm, Paw Patrol, Dick's Sporting Goods, and Minecraft
- Developed new components for Huffy line products

May - August 2022

- Completed a new E-bike proposal that involved researching current trends, exploring new market opportunities, testing ergonomics, developing sketch concepts and cad models, and creating keyshot renders for marketing.
- Assisted in ideating, prototyping, and cad modeling various components for the 2023 Huffy Green Machine

Huffy Corporation, Freelancer

May - August 2023

- Researched new product features for upcoming product lines.
- Ideated applications of new features on Huffy line and licensed products.
- Developed concepts for licensed products into refined design directions for meetings with licensors
