SKILLS

SOFTWARE Revit, A-CAD, Rhino, Vray, BB,
Sketch Up, Adobe Suite

INTERPERS. Communication, Proactive,
Coordination

MISC. MS Office, Model Shop, NYC
BC, ICC, ANSI, NYC ZR,
Climate Studio

EXPERIENCE

JULY 2024 - PRESENT **SYDNESS ARCHITECTS**
INTERMEDIATE DESIGNER

Primarily worked on corporate interiors projects for property managers with major landmark buildings in New York. My responsibilities included producing construction documents, creating design presentations, correcting submittal, specifying materials within project budgets, taking notes during construction administration meetings, conducting site surveys, and proposing schematic designs based on client requirements.

Select Project: 4,800 RSF Corporate Office Design, New York, NY

Produced schematic design, marketing materials, and preliminary construction documentation for New York headquarters for tenant. Assisted with design corrections as per property management, tenant and Realtor feedback.

JUNE 2023 - MAY 2024 **STREKTE CORP.**
ARCHITECTURAL DESIGNER

Worked as an Architectural Designer at a development firm, focusing on residential and commercial high-rise, ground-up construction projects in New York and New Jersey. As project lead, I was responsible for design development, filing approvals with government agencies, addressing DOB feedback, and coordinating structural and MEP work. Additionally, I assisted with millwork corrections and played a key role in the firm's transition to Revit. I left the firm due to the termination of its architectural division.

Select Project: 12 Story Ground Up Construction, Brooklyn, NY

Designed 189 units in compliance with New York building codes and zoning resolutions. Filled approvals with DOB, DOT, OER, and DEP, while coordinating meetings with structural and MEP teams. Working closely with developers, I ensured that design and project timeline expectations were met.

FEB 2022 - MAY 2022 **SRAA+E**
INTERMEDIATE ARCHITECTURAL DESIGNER

Architectural Designer at a design firm specializing in development and commercial interiors. I focused on producing interior design sets and design development for residential ground-up construction, as well as assisting with millwork corrections. Additionally, I worked on commercial interior projects and trained junior designers in creating design presentation materials. I left the firm to pursue a Master's degree.

Select Project: 17 Story Ground Up Construction, Brooklyn, NY

Designed interiors of the lobby. Produced Interior design set and helped select finishes for the project. Assisted with millwork corrections and selecting vendors for the project.

Select Project: 7,000 SQFT Office Design, New York, NY

Worked with clients and project managers to develop a proposal for a 7000 sq ft office space in Soho. Produced ID Set for finishes. Worked with project manager to specify FF&E according to client preferences and budget. Also worked on design presentation materials for clients.

JULY 2021- FEB 2022 **AA**
JUNIOR DESIGNER

Worked as an architectural designer at a design firm. I primarily assisted with the design development for a 17-story residential and commercial renovation for a client based in Texas. Additionally, I assisted with design presentations, millwork corrections, and site surveys. I left firm due to pursue projects based in New York.

JUNE 2016 - AUG 2016 **DESIGNO ARCHITECTS**
SUMMER INTERN

Worked as a summer intern between the years of 2016 and 2020 (Cumulative of 15 month period). Formatted presentations for client meetings. Assisted with model building for presentations.
