

# Fitzroy Nursery

## Plant Hire Service

Our hire rates are as follows:

- **24hr hire weekday hire period** – 33.3% of retail price
- **Longer term & weekend hire period** – 50% of retail price

\*Hire periods longer than 2 weeks may incur a higher rate.

### How it works

Almost everything in both our Indoor and Outdoor nursery shops is available to hire. This includes indoor and outdoor plants, pots, artworks, furniture and more.

1. Come in to make your selection. Alternatively, we can organise a consultation over phone or email at an additional cost of \$180.
2. Payment via bank transfer, credit card or cash for the full retail price of the goods & delivery charge (if applicable).
3. Once the goods are returned to us in a saleable condition we refund the difference between the retail price and hire fee.

### Delivery and installation charge (optional)

We can deliver, install and collect your hired goods. This service is charged at the following rate:

- For delivery & installation: \$95 for the first hour then \$85 per hour thereafter.
- For delivery only: dependent on suburb — please contact the nursery for a quote.
- Each extra person required (in cases of large quantities/heavy items) will be 75% of the above rate.
- Delivery/installation/collection that is required to happen out of business hours (9-5) or on weekends or public holidays will incur an additional fee.

### Terms and conditions

- Payment must be made for the full amount prior to delivery. Payment can be made via bank transfer.
- The hirer will bear responsibility for any plants or pots that are damaged or lost during the hire period outlined. Damaged/lost items will be paid for in full by the hirer.
- For collection it is helpful if all the plants/pots on the ground are placed in one group and easily accessible.
