EXPERIENCE **Marfa Cement Works | Marfa, TX**
Fabrication Intern | May-Aug 2023 & Aug-Dec 2024

Hands-on creation of handmade concrete art and furniture. Fabrication and design of molds, batching, casting, finishing, and onsite construction. Assisting in processes of GFRC, custom wooden molds, materiality assessments, and product line expansion with sustainability considerations. Completed a 7-day install of concrete platforms, planters, and signage across a large outdoor site.

Invisible North | NYC, NY
XP Intern | Feb-May 2024

Designed captivating events for clients such as Propel, Teremanna, and Meta with small experiential agency. Advancing to a Junior Designer role for a client by creating and presenting designs for the space using conceptual proposals, developed spatial renderings, and production communication.

George P. Johnson | Los Angeles, CA
3D Design Intern | Aug-Dec 2022

Brought to life large scale, immersive brand experiences on specializing in trade show and conference events. Assisted in ideation, spatial layouts, furniture/decor/floral specing, client pitch presentations, 3D design, and engineering fabrication collaboration. Balanced multiple accounts at a time for companies such as Indeed, Atlassian and Honda.

Jack Morton | Chicago, IL / Remote
Experiential Design Intern | Jan-April 2022

Conceptualized branded spaces and activations for Molson Coors. Collaborated to create an advertising research project consisting of recent competitor experiences and pitch proposals. Utilized 3D software, moodboarding, brainstorming, and strategy partnership.

Common Ground | Terre Haute, IN / Remote
Graphic Intern & Video Editor | May 2020-May 2022

Created content for the online studio by filming, uploading, and organizing workout videos. Set up and filmed instructors. Developed an effective plan for downloading and editing videos with over 100 uploads.
