**Object : Support to Transmission Point Project at La Merouse Museum**

As Cultural Attaché at the Consulate General of France in Sydney, I am pleased to formally confirm the support of the French Consulate for the participation of French sound artist Nicolas Montgermont in the upcoming project *Transmission Point*, to be held at the La Perouse Museum in March 2026.

In recognition of the artistic significance of Nicolas Montgermont's contribution, the Consulate will provide support in the form of a return flight from Paris to Sydney, facilitating his engagement with this important initiative. Mr. Montgermont's practice, which explores the materiality and transmission of sound, represents the kind of innovative and experimental work that will benefit this project which the Consulate is proud to endorse.

We are equally enthusiastic about the opportunity to collaborate with Anabelle Lacroix, an accomplished curator whose work continues to foster meaningful artistic exchange between France and Australia. The Consulate has previously supported projects such as the Australian tour of Michel Chion and Felicia Atchison, and remains committed to contributing to the vitality of the contemporary art and experimental music scenes in both countries.

We look forward to the success of *Transmission Point* and to further collaborations that strengthen the cultural dialogue between our nations.

Yours sincerely,

*Raphaël Coulhon*
