WILLO PERRON FOR NO GA

The Modular Tables 1–6 are designed by Willo Perron for NO GA. The collection consists of six coffee tables in various formats, based on the concept of modularity, allowing them to be combined in multiple ways. “I’ve always loved the idea of modularity,” says designer and creative director Willo Perron. “It’s not about committing to a huge system upfront—it’s about starting with one item that feels right and letting it evolve with your life.” Each table is meticulously handcrafted by master artisans using fiberglass, which is first cast in molds and then manually coated and polished multiple times to achieve different high-gloss finishes. The entire production process is done by hand, requiring a high level of craftsmanship for every piece.

Overview

The six coffee tables are produced in the Philippines and designed to fit together perfectly, allowing for endless configurations to suit your space. This allows for more flexibility in the interior.

Care instructions

Use a soft, damp cloth to wipe down the surface. Avoid abrasive cleaners or sponges. For stubborn marks, a mild soap solution can be applied. To maintain the high-gloss finish, avoid placing the furniture in direct sunlight for extended periods.
